### Mid Ulster Engineering and Advanced Manufacturing Skills Project

Programme Objectives:

### 1. GOVERNANCE AND COMMUNICATION WORKPLAN

1.1 To establish within 3 months; Terms of Reference, membership and appropriate governance structures for the network including establishing sub-groups responsible for each work stream.

1.2 The Facilitator will compile and circulate quarterly update reports to the network for approval prior to submission with the claims to Invest NI.

1.3 To investigate and identify a strategy for enabling the Network to become self-sustaining; with funding for meetings, workshops and facilitation costs.

1.4 To develop / maintain and implement a stakeholder database and associated stakeholder engagement strategy.

1.5 To grow membership of the Network, as the project develops. In addition, maintain formal engagement with the local council economic development department, schools, colleges and relevant sectoral bodies including Manufacturing NI, BITC, Matrix, Sentinus, WISE and Get Engineering. Reporting quarterly to Invest NI and Mid Ulster Skills Forum on the results.

1.6 To develop, maintain and implement a Communications Strategy to facilitate effective Communication across the network and with external bodies.

1.7 To develop a strong brand/logo to raise brand awareness and an online presence to act as a central hub for latest news and activities.

1.8 Design and print a booklet / leaflet highlighting the projects goals, objectives and activities.

### 2. ATTRACT WORK PLAN

2.1 Develop and define a cohesive and strong promotional and recruitment campaign to include a ‘Skills brand and toolkit’ with agreed key messages.

2.2 Conduct research to understand the issues/barriers deterring females and NI Disapora applying to jobs within the sector. Engage with WISE and NI Connections to explore potential collaboration opportunities and undertake investigatory actions to further inform this objective.

2.3 Define an appropriate communication strategy, PR and social media campaign that can be targeted at the following cohorts:- (1) Females (2) NI Disapora and NI students (who have moved abroad.)

2.4 Investigate how the principles and processes embodied in other models such as ‘Bring It On’ (IT Sector) could be applied to post primary engagement within the sector.

2.5 Work with Council and Department for Communities to deliver a ‘Local Works’ approach in Mid Ulster to tap into the ‘economically inactive’ cohort.

2.6 Obtain a clear understanding of the obstacles that apply to non-EU nationals, document and communicate the information to appropriate stakeholders.

2.7 Identify potential ‘labour pools’ to meet skills shortages and make representation to the Home Office to consider the potential for regional specialist visa schemes to meet the current and future needs of industry.

2.8 Link into and participate on the Mid Ulster Skills Forum ‘Brexit Working Sub-Group’.

2.9 Identify recruit 15 Ambassadors during the lifetime of the project and train them on presentation skills so that they are better equipped to provide career advice.

## 3. DEVELOP WORK PLAN

3.1 Work with DfE / DE to inform, where appropriate, future joint Action Plans emanating from the ‘Preparing for Success 2015-2020’ Careers Strategy to ensure that the needs of principals and careers teachers (including training) are being met.

3.2 Ensure careers teachers have access to up to date labour market information to highlight the career opportunities and benefits associated with the sector.

3.3 Avail of the existing labour market information and annually updated forecasting reports to identify specific skills gaps faced by the sector/subsector and likely future skills gaps to inform and develop tailored solutions e.g. Skills Academies and Pre-Employment Programmes.

3.4 Engage with Universities, colleges and schools to collate figures on projected outflow from their courses to develop a clear understanding of the provision in order to inform actions.

3.5 Critically appraise the existing programmes, courses and apprenticeship schemes from an industry point of view and provide feedback on issues to the education sector.

3.6 Using the network, increase the pipeline of people equipped and ready to work in the sector.

3.7 Raise awareness of government funding for Essential Skills / Skills to Succeed, this will be included into a “Skills support” information pack which will be compiled as part of the Communication theme.

3.8 Promote and raise awareness of Government’s ‘Connect to Success NI’ Online Portal which advertises apprenticeships and school work experience opportunities.

3.9 Advise DfE’s Sectoral Partnership Task group (to be established by SWC) to ensure alignment of education/training courses with industry requirements/needs.

3.10 Encourage employers to offer Internships, Bursaries, Scholarships and Placements.

## 4. ENGAGE WORK PLAN

4.1 Explore best practice models such as 'Tasty Careers' initiative to develop suitable Engineering and Advanced Manufacturing sector careers advice (both online and hard Copy.)

4.2 Develop suitable social media channels for businesses to, through a centralised search point, advertise existing posts/vacancies, work placements and traineeship opportunities e.g. Twitter, to help job seekers and students access information regarding opportunities in the sector.

4.3 To deliver 2 high profile events aimed at promoting job and career opportunities within the sector.

4.4 Develop a strategy to better co-ordinate education providers and Businesses e.g. expanding school/college partnerships or re-establishing former initiatives such as the Business Education Partnerships (previously funded by DfE and DE)

4.5 Engage with FE, HE and training providers to ensure a current and future skills pipeline that meets the current and future needs of industry.

.

4.6 Engage with relevant bodies including Manufacturing NI, Sentinus, WISE, Matrix and Get Engineering in order to assist in the delivery of the Network's objectives.

4.7 Identify, collate and disseminate information on current programmes and training available for the sector.

4.8 Create a central point where SME's can access information on the support available (this links to Governance and Communication Work Stream).

## 5. INDUSTRY 4.0 WORK PLAN

5.1 Research and promote existing and/or develop new initiatives to support businesses to implement new smart technologies and automation.

5.2 Source, develop and facilitate 4 practical workshops/seminars around the "Future of Manufacturing" designed to assist companies to prepare and plan ahead for the fourth and current industrial revolution.

5.3 Encourage 25 middle managers to participate and complete training by raising awareness of and utilising existing leadership capability and management training in the following areas; lean manufacturing; collaboration, identifying efficiency gains, smart technologies, workforce reskilling, sales and marketing, CAD, category management and export marketing.

**Project Outputs**

1. Recruit 15 Ambassadors during the lifetime of the project to undertake to undertake 2 school visits per annum.

2. Develop a series of 4 practical seminars/workshops delivered by experts to help businesses prepare for Industry 4.0.

3. Recruit 20 SME's to the Network and engage an additional 50 SME's who will receive information and advice from the network.

4. Promote and encourage 150 appropriate and relevant Apprenticeships / traineeships to meet skills shortages.

5. Deliver 5 promotional and recruitment campaigns over the lifetime of the programme.

6. Increase the pipeline of people equipped and ready to work in the sector.

7. Reduce labour turnover in employers (Base line information to be collated within 3 months of project start to revise targets)

8. Reduce by 40% the companies who record difficulty in recruiting staff.

</ul>
A ‘b-solutions’ project proposal was submitted to the DG Regio / AEBR call on 28 February 2018. The working title is ‘Roam @ Ease’ & the project aims to address the issues & implications arising from the potential re-introduction of inadvertent mobile phone roaming costs to the border region – once the UK leaves the EU Digital Single Market, as publicly stated by UK Prime Minister May in March 2018.
The project was not approved – the funders stating that this was primarily because these issues have not come to fruition because the UK has not left the EU yet. The UK Government has released a series of technical papers in relation to a no-deal Brexit and these include mobile roaming. However, the project context is still very much current & a concerning issue for consumers in the border region who face ‘inadvertent roaming’ despite claims from many mobile operators that they will try not to re-introduce roaming charges. ICBAN will continue to lobby industry, the regulator and government on the matter.
ICBAN continues to pursue a range of actions designed to improve digital connectivity in the Central Border Region. Most prominent amongst these actions was the publishing of the ‘Fibre at a Crossroads’ reports examining technological infrastructure solutions to deliver quicker, more reliable telecommunications in the Region. In late 2018 ICBAN working with The Bit Commons have been engaging with government departments and broadband stakeholders on the early plans for delivery of the £150 million planned investment. Concerned at the technical and policy ambitions, efforts have been taken to challenge the case and it has been reassuring to receive revised consultation proposals that are more in keeping with the full fibre ambitions of ICBAN and member Councils including MUDC.
The Report for RoI ‘The National Broadband Plan; Delivering on the Promise’ was completed in June 2017. ICBAN continues to lobby local, regional and national stakeholders in Ireland regarding the findings and recommendations and can share learning with NI Councils, including Mid Ulster District Council.

| | Roads Infrastructure | ▪ **Lobby for roads infrastructure improvements to the A5 arterial route**<br>Continued lobbying and representations, including participation in statutory consultations, meetings and seminars on the need for progress in delivering the complete planned A5/N2 arterial route. |
| | Tourism | ▪ **Boost the attractiveness of tourism destinations in Mid Ulster**<br>ICBAN is committed through the strategic objectives of the RSF (Regional Strategic Framework, 2014) to work in partnership with Councils to promote and develop the attractiveness and economic benefit provided by tourism destinations across the Region. The development of Literary Tourism as a niche, yet strategically significant aspect of the tourism offering in the Region, encompasses the support and added value we can bring to Mid Ulster to help support and complement its already well developed product and interests through the Seamus Heaney Home Place.<br>▪ **Progress development of regional literary tourism trails in Mid Ulster**<br>The development of a PTS application to the Rural Development Programme includes provision for a network of literary tourism trails across the Region. Literary Tourism trails in Mid Ulster, both existing and planned are an integral element of the PTS proposal.<br>▪ **Submit a Preparatory Technical Study (PTS) by August 2018**<br>The PTS is now fully developed and has been shared across the LAGs, Councils and Development Companies of the ICBAN Region. Willingness to pursue a PTS based strategy approach to project development has been expressed by the Council areas. We have pursued both the development of a cross border partnership and the identification of a lead partner for the project but in recent times the interest of the LAGs has not been as pronounced. |
| | Brexit | ▪ **Progress implementation of the 'Border Compass Project' working in partnership with Queen's University Belfast, Verbal and Association of Border Regions**<br>ICBAN has been working with Queen's University Belfast, Verbal Arts & the Association of Border Regions to successfully implement the 'Border Compass Project'.<br>▪ **Produce outcomes report on 'Citizens' Dialogue on-line survey by June 2018**<br>ICBAN together with project partner Queen's University Belfast has successfully implemented the Citizens' Dialogue element of the 'Border Compass Project'.<br>• A 22 question survey launched on 08th March & closed on 16th April 2018. 591 responses were received from people who live and/or work in one of the eight local authority areas of the Central Border Region, against a target of 400.<br>• Survey respondents were asked to indicate whether they would be interested in participating in a focus group. 330 people expressed their willingness to do so. The logistics of organising focus groups resulted in 48 participants across six focus groups; held in Armagh, Ballyshannon (2), Enniskillen & Monaghan (2). Participants were drawn from all areas in the Central Border |

# Mid Ulster District Council

## Series of Three Free Business Breakfast Seminars (8.30am – 10.30am)
## Funded by Mid Ulster District Council and delivered by Daryl Conway (42Digital)

## Helping Mid Ulster Businesses Maximise Digital Media Opportunities

Over **October and November 2018**, three highly successful Breakfast 'Digital Media' Seminars were delivered (in Cookstown, Dungannon and Magherafelt areas) to promote the use of Digital Media to Mid Ulster businesses. The Seminars were designed to demonstrate, on a practical level, through workshops within each event, how businesses should use this to maximise their potential.

These were funded by the Council and hosted by Daryl Conway (42 Digital) and proved extremely popular with 125 people attending in total; feedback from businesses completing the Evaluation Form included:

*"Very informative, would recommend highly."*
*"Very informative and engaging; a productive morning"*
*"Thankful that Mid Ulster District Council is running these workshops to help and support small local businesses" "Great venue and great speakers."*
*"Very well organised and highly informative."*
*"Excellent tips for small businesses";* and *"I found it very valuable and relevant to me in my industry"*

Below is a synopsis of what was covered by each of the three Seminars and the workshops, along with pictures of the Chair, the guest speakers at each event and those attending.

All three events followed a similar structure, commencing with an informal Q&A session with the expert panel of 2 digital specialists and a guest business to share their digital journey and success story, followed by two interactive workshops, led by the two digital experts.

**Seminar 1: Wednesday 19 September 2018 – Ranfurly House, Dungannon**
**Topic: Achieving Online Growth with Online Sales & Advertising**

The workshops were facilitated by digital experts Andy Hill (Facebook Advertising) and Mark McColgan (Senior Advertising Strategist at Loud Mouth Media) and topics covered included:

- How to use Facebook Advertising for a Black Friday Sale
- How to use Google Ads for a Black Friday Sale Event

Daniel McDonnell, Style Boutique (Cookstown), shared his digital success story and 2017 Black Friday experience.

**APPENDIX 4**

## Seminar 2: Wednesday 17 October 2018 – The Elk, Toomebridge
**Topic: Achieving Growth with Your Website**

The workshops were facilitated by digital experts Daithi Conlon (Website NI) and Andrea Brown (Bloom Creative) and topics covered included:

- Essential Elements of a Website
- Data Driven Digital Marketing

Colm Grimes (CK International Dungannon) was also on hand to explain how and why their website works and provide insights into what is required to achieve online growth.

## Seminar 3: Wednesday 14 November 2018 – Burnavon Theatre, Cookstown
**Topic: Achieving Online Growth with a Digital Brand & Strategy**

The workshops were facilitated by digital experts Andi Jarvis (Eximo Marketing) and Aiden McGale (Affinity Digital) and topics covered included:

- How to Develop Your Digital Marketing Strategy and
- How to use LinkedIn to Develop your Personal Brand

Local entrepreneur Naomh McElhatton (SMART Global / DANI Awards CEO) also discussed how she has successfully developed her personal brand to launch the DANI Awards and the SMART Global Conferences Programme).

# Research Note

## Entrepreneurial Activity in Northern Ireland

November 2018

# The Global Entrepreneurship Monitor

Levels of entrepreneurial activity are a vital sign of any economy as it has been shown that the creation of new ventures is positively connected to the drivers of economic growth and productivity through increased innovation, competition and job creation.

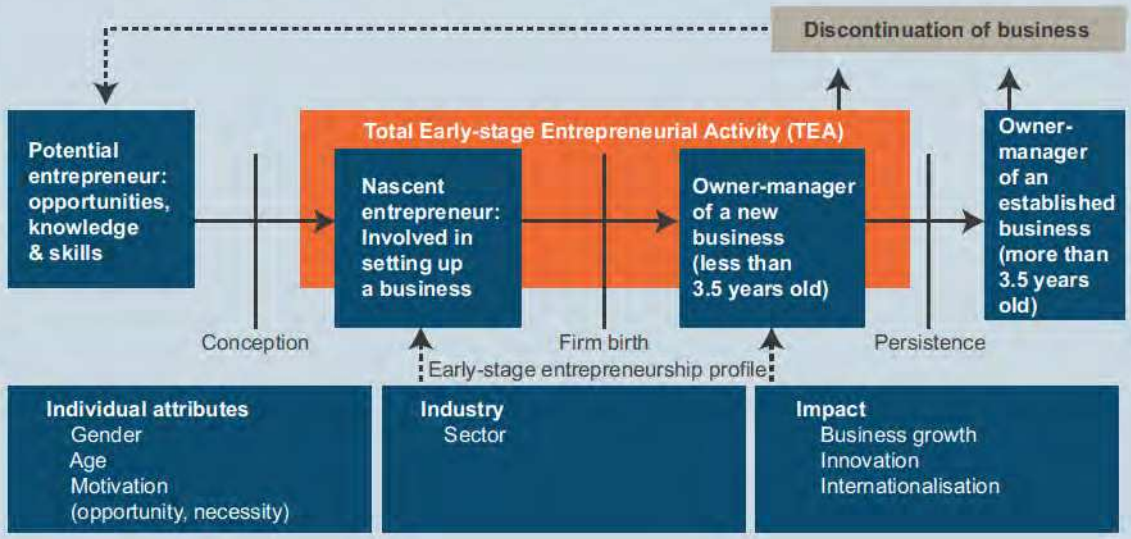
The Global Entrepreneurship Monitor (GEM) began in 1999 and is the world's foremost study of entrepreneurship. GEM measures entrepreneurial behaviour and attitudes of individuals and has a historical global dataset of over 100 economies. In 2017, the Department for the Economy and Invest NI sponsored the Northern Ireland (NI) component of the GEM UK research project. Of the 326,000 respondents to the GEM UK surveys for the period 2002-2017, almost 40,000 respondents were from NI.

**GEM Measures of Entrepreneurship**

Total Early-stage Entrepreneurial Activity (TEA) represents the percentage of the population aged 18-64 who are either nascent (in process of starting a business) or new entrepreneurs (running a business not older than 42 months).

In addition to activity, the GEM collects data from (1) the **non-entrepreneurial population** on self-perceptions about entrepreneurship (opportunities and intentions) and from (2) the **entrepreneurial population** about their motivations and growth aspirations.

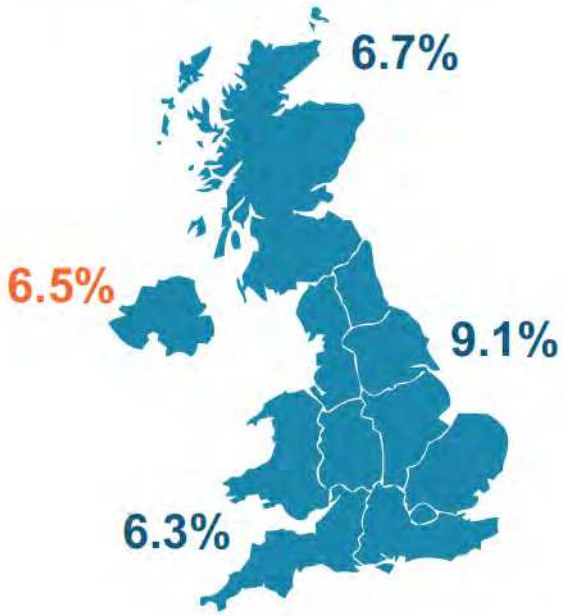
Entrepreneurial Process and GEM Operational Definitions



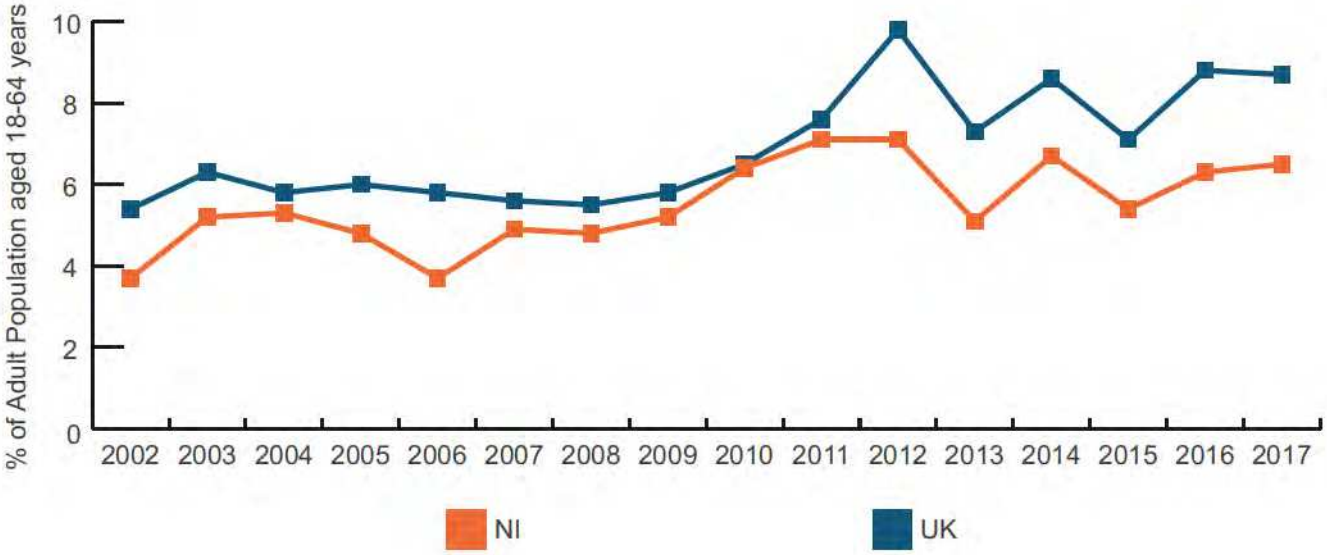
# Total Early-Stage Entrepreneurial Activity (TEA)

The NI TEA Rate in 2017 is 6.5%, relatively unchanged from 2016, and represents an upward trend since 2002 when the rate was 3.7%. However, this is significantly lower than the UK overall rate of 8.7% and, in an international context, there remains a clear 'entrepreneurial deficit' in NI as measured by business start-up activity.

## TEA Rates across UK 2017



## TEA Rates in NI and UK 2002-2017

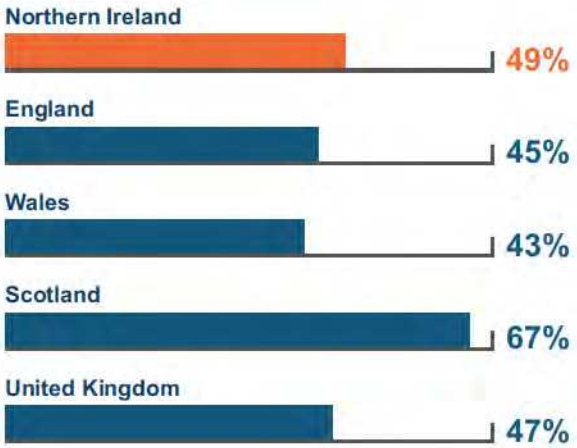


# Gender

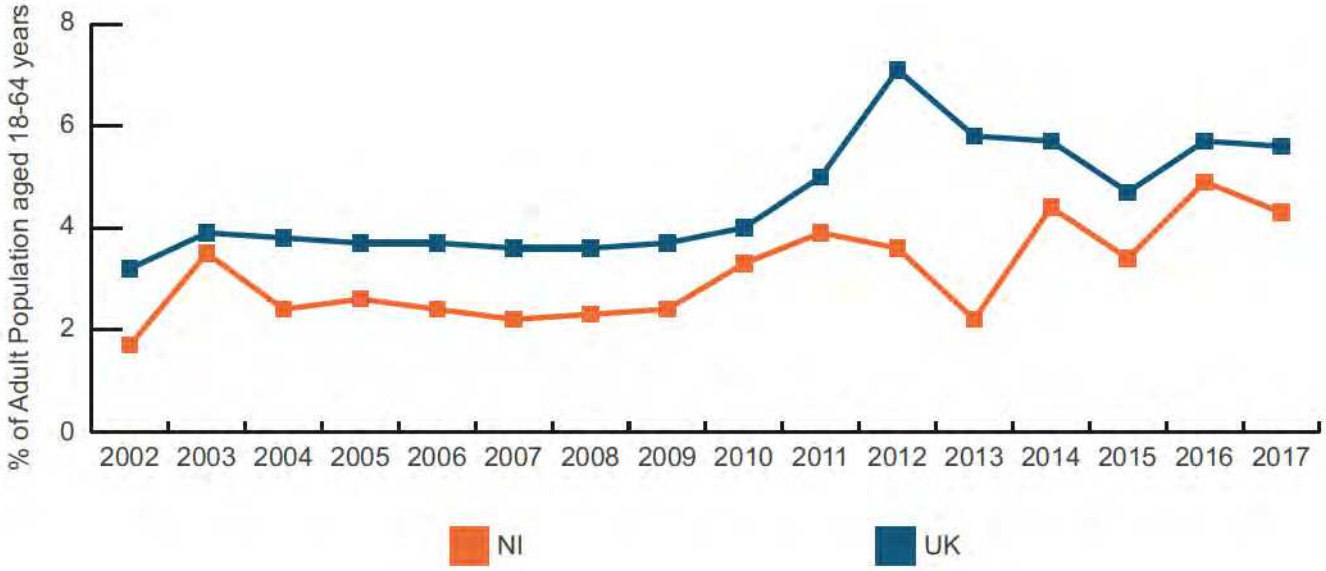
The female TEA rate in NI is 4.3% in 2017 compared to a male rate of 8.7% and these rates have been increasing since 2002.

The ratio of male to female entrepreneurial activity in NI at 49% is similar to the UK average of 47%.

## TEA Female to Male Ratio across UK 2017



## Female TEA Rates in NI and UK 2002-2017

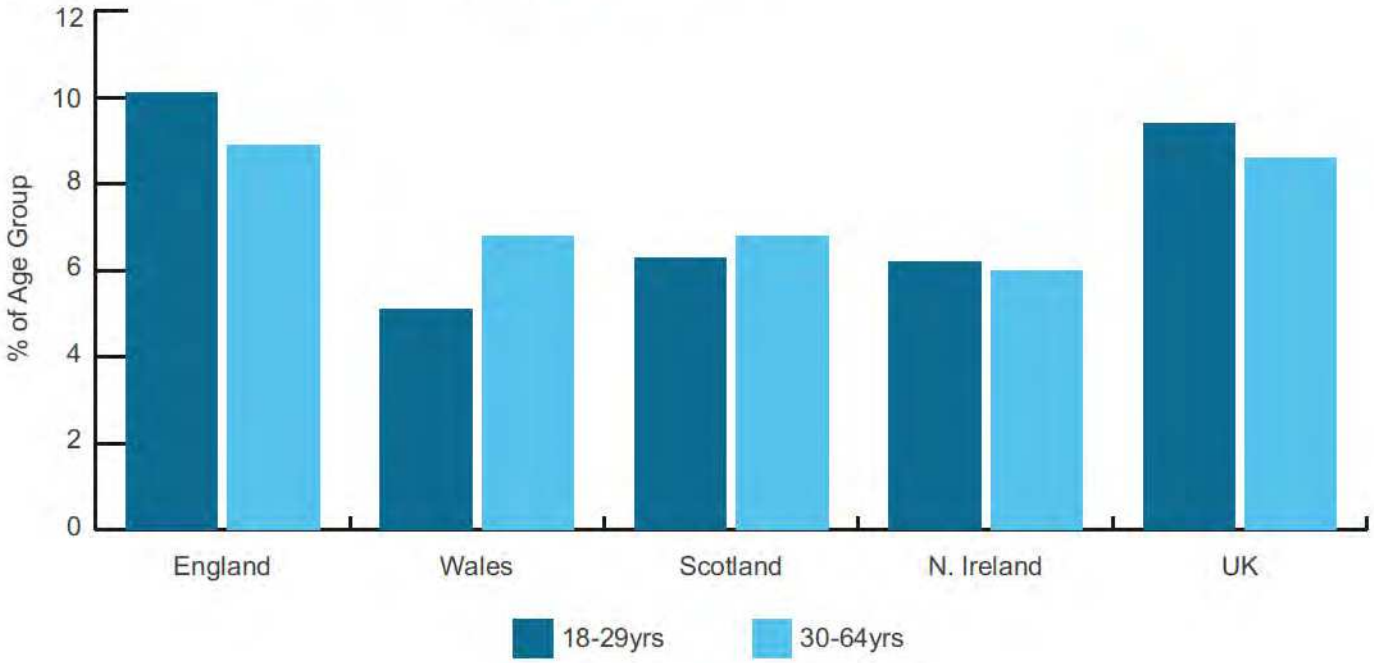


# Age

TEA rates globally tend to vary by age with those over 30 generally more likely to be engaged in entrepreneurial activity.

In NI, since 2010, entrepreneurial activity for 18-29 year olds has been relatively more volatile than for 30-64 year olds although there have been no significant differences in the TEA rates (6.2% and 6.0% respectively in 2017). For the 30-64 age group there were no statistically significant differences across the home nations.

## TEA Rates in NI and UK by Age Group 2017



# Education

In 2017, the TEA rate for graduates in the UK (10.6%) is significantly higher than for non-graduates (7.3%). In NI the graduate rate of 7.8% is also higher than the non-graduate rate of 5.5%.

## TEA Rates by Education in NI and UK 2017

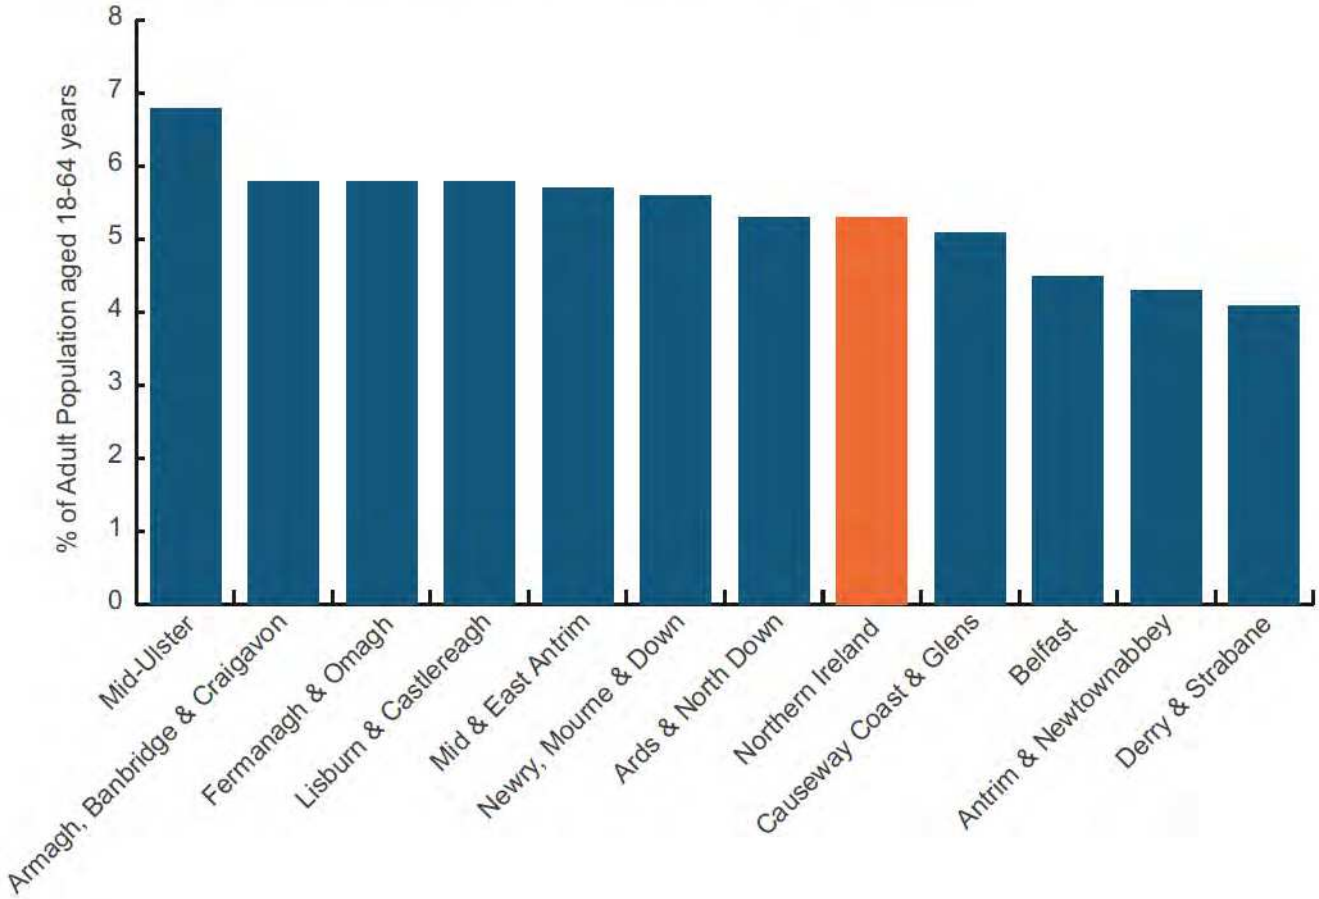
| | Graduate | Non-Graduate |
|---|---|---|
| **NI** | 7.8% | 5.5% |
| **UK** | 10.6% | 7.3% |

# Sub-regional

Sub-regional analysis is based on Local Government Districts in NI (council areas). TEA rates by council areas are pooled as one year observations may be unreliable due to small sample sizes – pooled rates average out any random annual fluctuations.

Entrepreneurial activity varies considerably between the council areas within NI. Based on average TEA rates recorded over 2003-2017, the highest rate of entrepreneurial activity was in Mid Ulster (6.8%) whilst the lowest was in Derry and Strabane (4.1%).

## Average TEA Rates across Council Areas in NI 2003-2017



Another perspective is gained by looking at 3-year rolling averages for council areas from 2008-10 to 2015-17. From the late 2000s, entrepreneurial activity has surged in Mid Ulster and more recently Mid and East Antrim have seen a strong increase in entrepreneurial activity. In 2015-17 Derry and Strabane continue to have a distinctly lower entrepreneurial activity rate than other council areas.

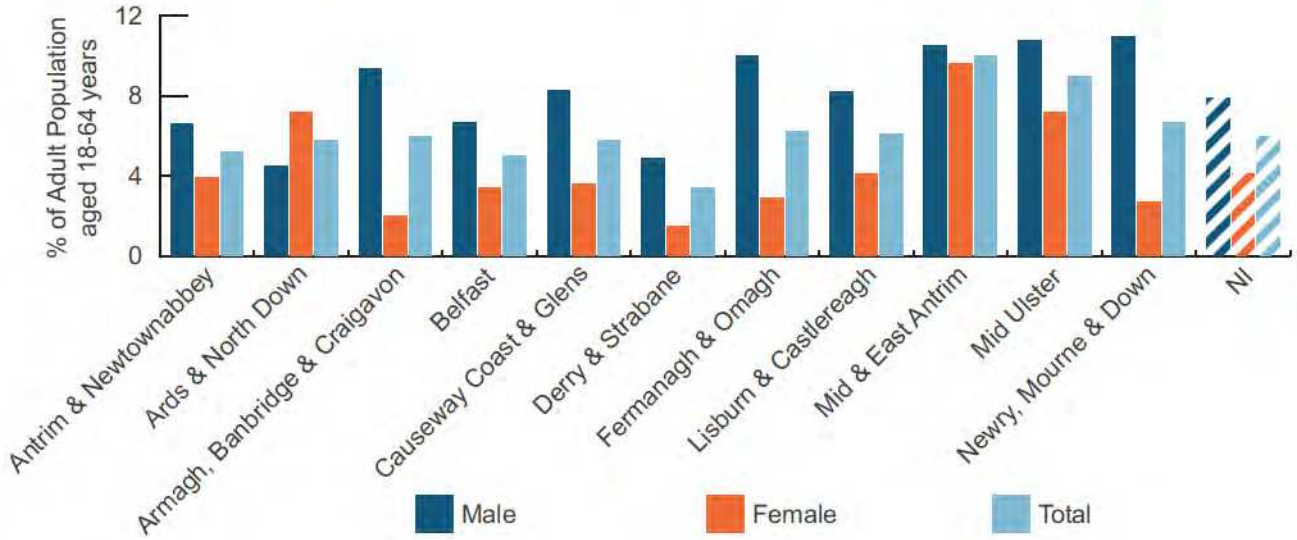
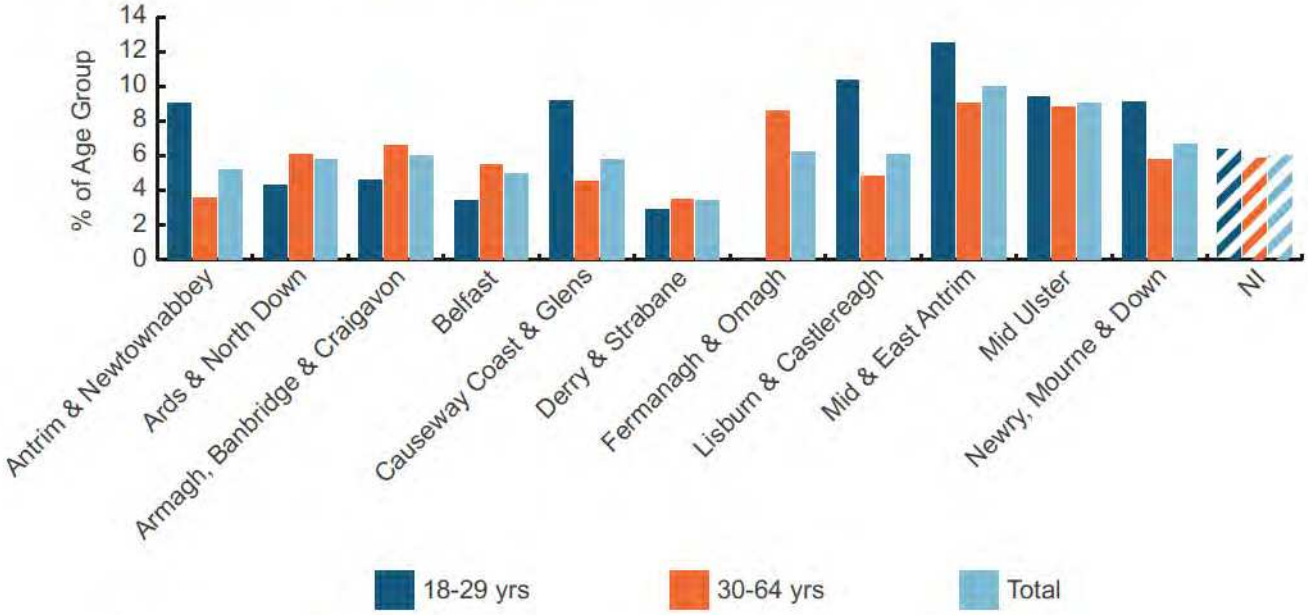
TEA rates for males and females by council area are shown for the 2015-17 period combined. The female rates are more variable than the male; notably, the female rate in Derry and Strabane (1.5%) is significantly lower than in Mid and East Antrim (9.6%). On average female TEA rates over the 2015-2017 period are around half those for males although this varies considerably from a ratio of 21% in Armagh, Banbridge and Craigavon to 159% in Ards and North Down, where the female rate exceeds the male. Mid and East Antrim has the smallest gap between male and female TEA rates and both lie above the respective Northern Ireland averages.

## TEA Rates by Gender across Council Areas in NI 2015-17



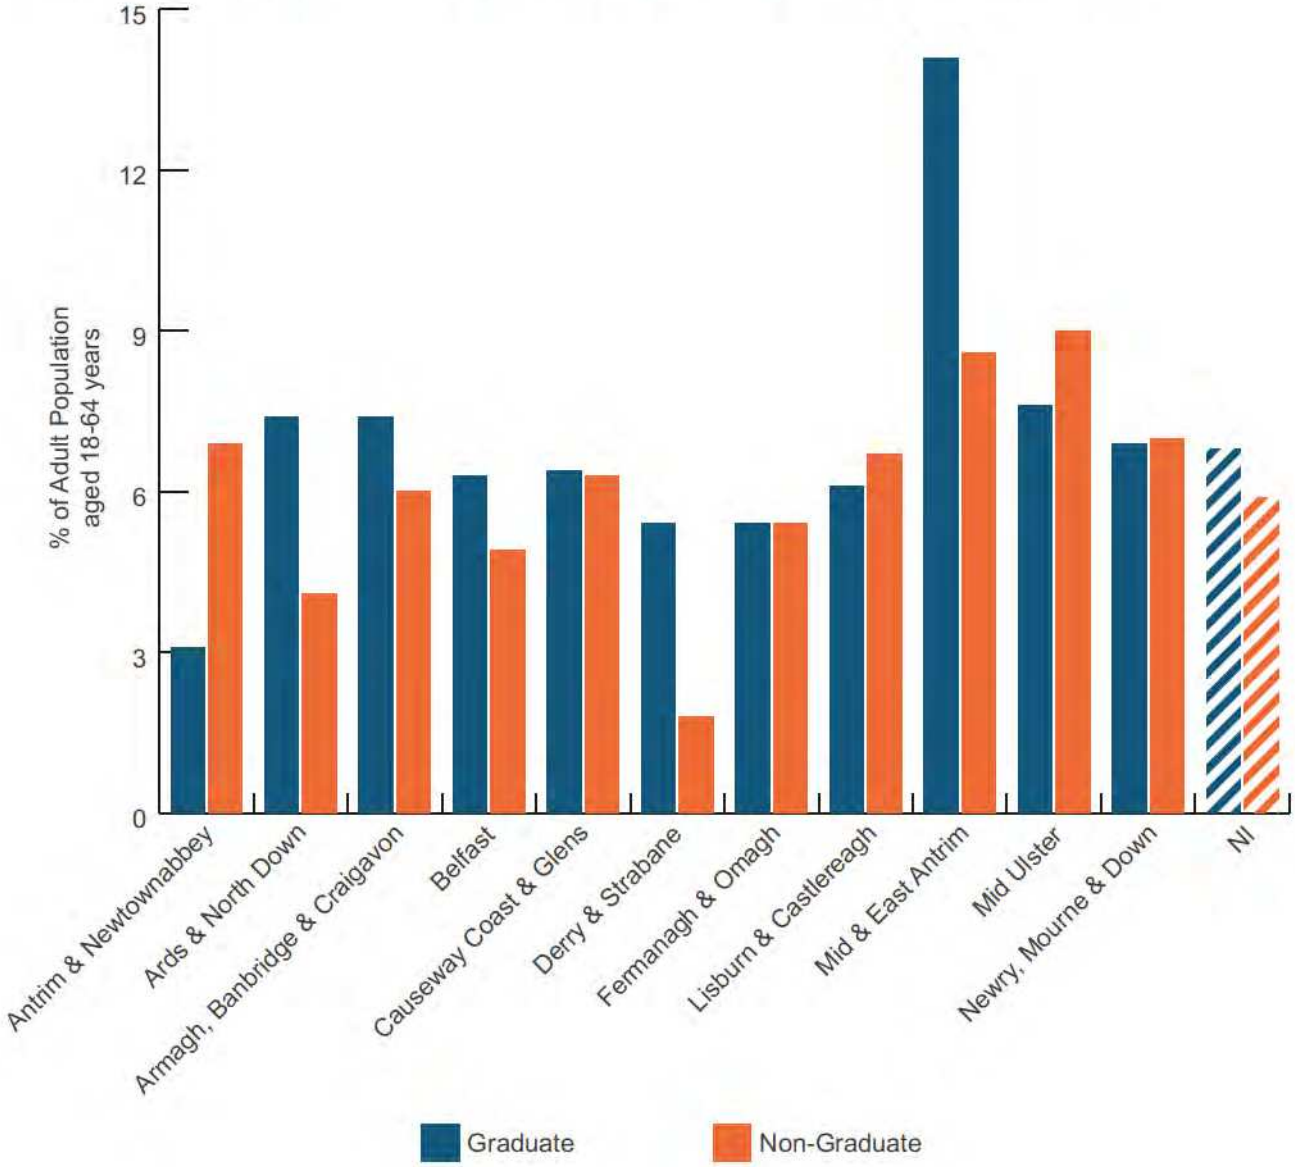
TEA rates by broad age groups are shown for the 2015-17 period combined. Although the rates for 18-29 year olds range from 3% to 12% the differences are not significant. Likewise for the 30-64 age group across council areas. The most notable gap by age is in Lisburn and Castlereagh where the TEA rate of 30-64 year olds is just under half that of 18-29 year olds.

## TEA Rates by Age Group across Council Areas in NI 2015-2017



For the 2015-17 period combined, the non-graduate to graduate ratio varies across council areas ranging from 33% in Derry and Strabane to over 100% for those with higher non-graduate rates in Mid Ulster and Lisburn and Castlereagh. There are no significant differences in TEA rates between graduates and non-graduates in the 11 council areas. The only rate which is significantly lower than the respective NI average is the TEA rate for non-graduates in Derry and Strabane which, at 1.8%, is significantly lower than the 5.9% average.

## TEA Rates by Education across Council Areas in NI 2015-2017



# Entrepreneurial Self-Perception: Attitudes & Intention

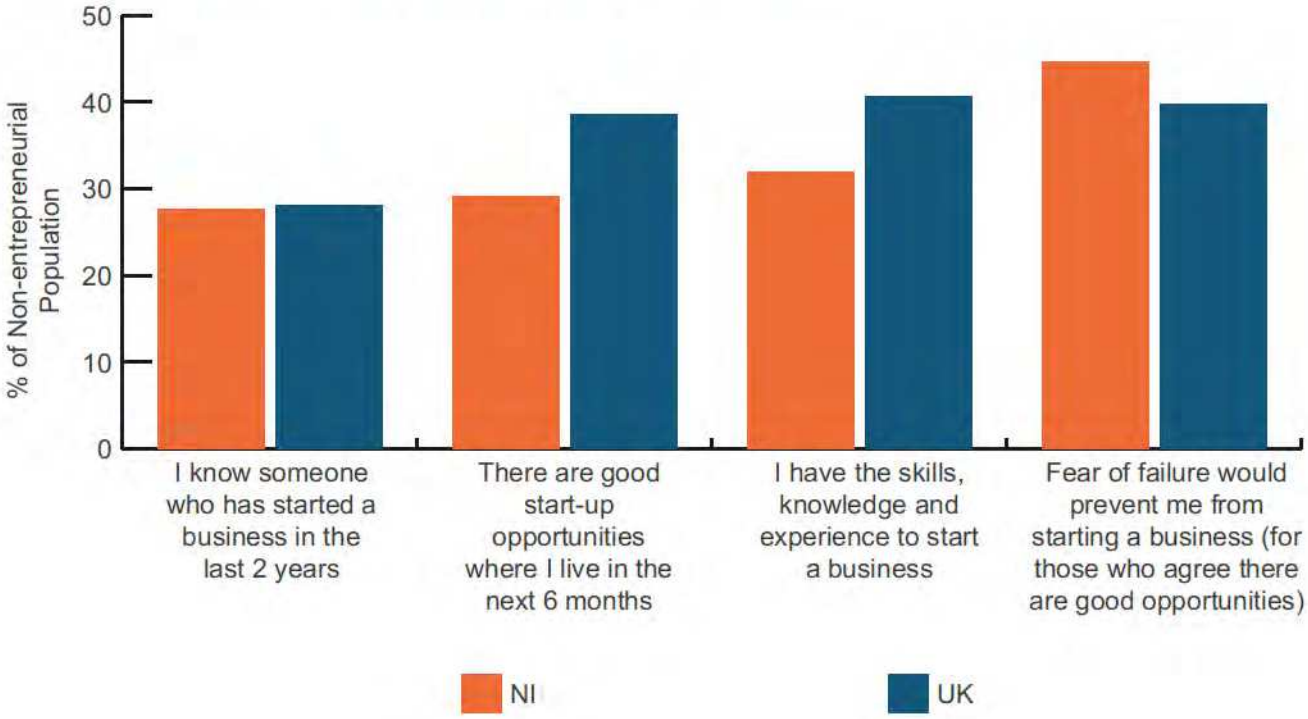
Entrepreneurial Potential

GEM has developed a number of attitudinal statements which provide a proxy for entrepreneurial potential such as perception of opportunity, capacity (skills) and prevalence of fear of failure as a deterrent to setting-up in business. Attitudinal data is only reported for the population who are not already entrepreneurs.

In 2017, 29.1% of the non-entrepreneurial population in NI agreed there were good opportunities for starting a business in their local area, compared to an average of 38.6% in the UK. This is in contrast to trends up unto 2007 where the perception of start-up opportunities was broadly similar.

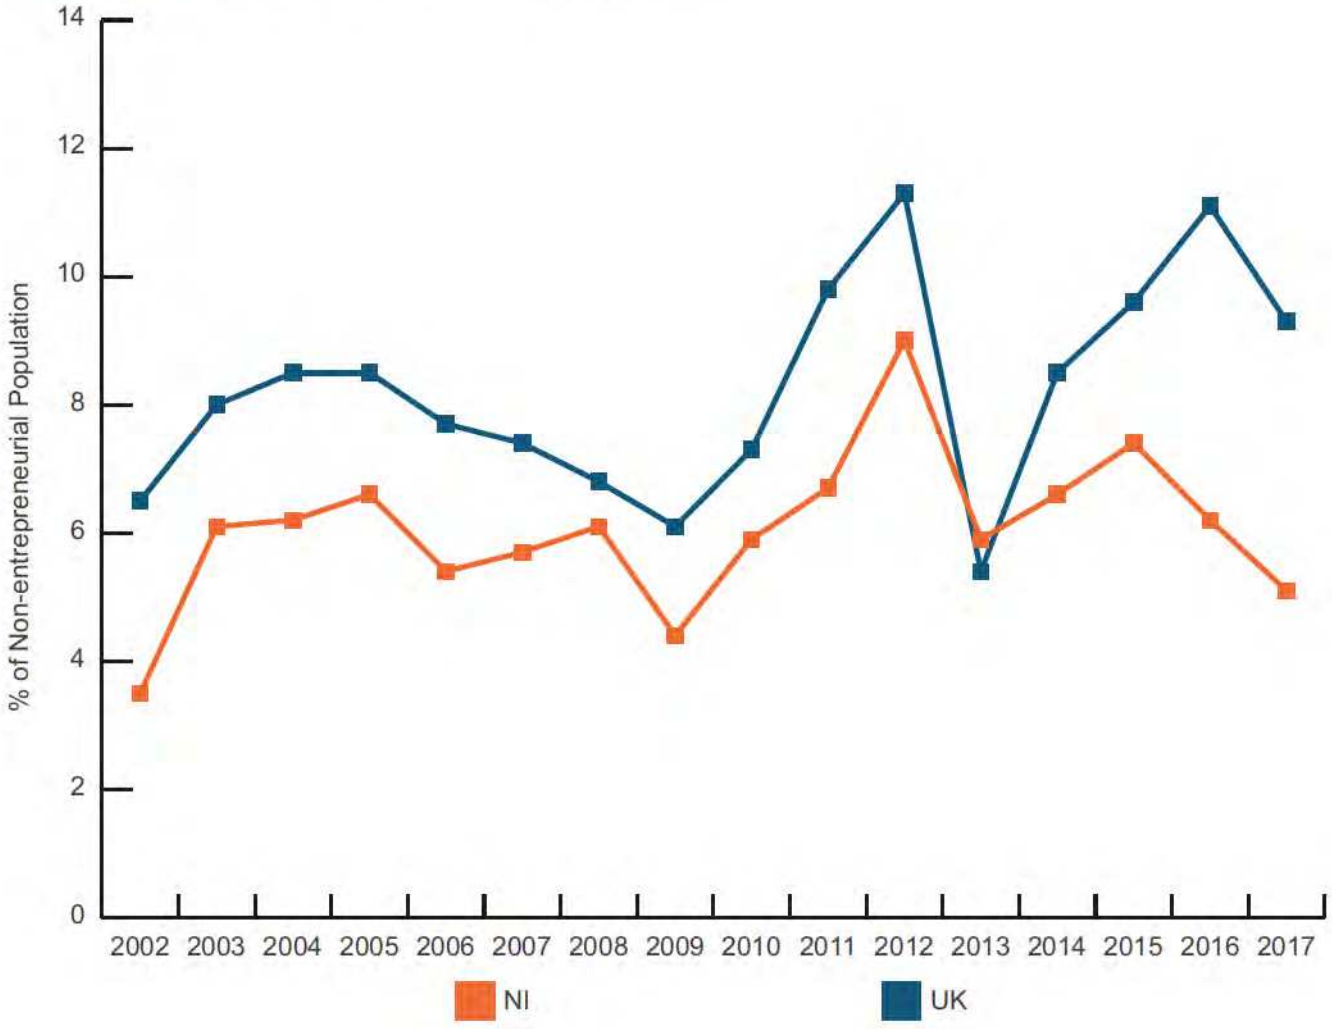
Over one in four (27.7%) individuals state that they know an entrepreneur (similar to the UK), and around one-third (31.9%) believe they have the skills to set-up in business (UK 40.6%). There are no significant differences between those reporting fear of failure across the UK regions (NI 44.7%, UK 39.7%) where historically there had been higher proportions in NI.

## Entrepreneurial Attitudes and Perceptions 2017



For the non-entrepreneurial population the rate of future start-up expectations (starting a business within the next three years) in NI is 5.1%, lower than the UK rate at 9.3%.

## Future Start-Up Expectations 2002-2017



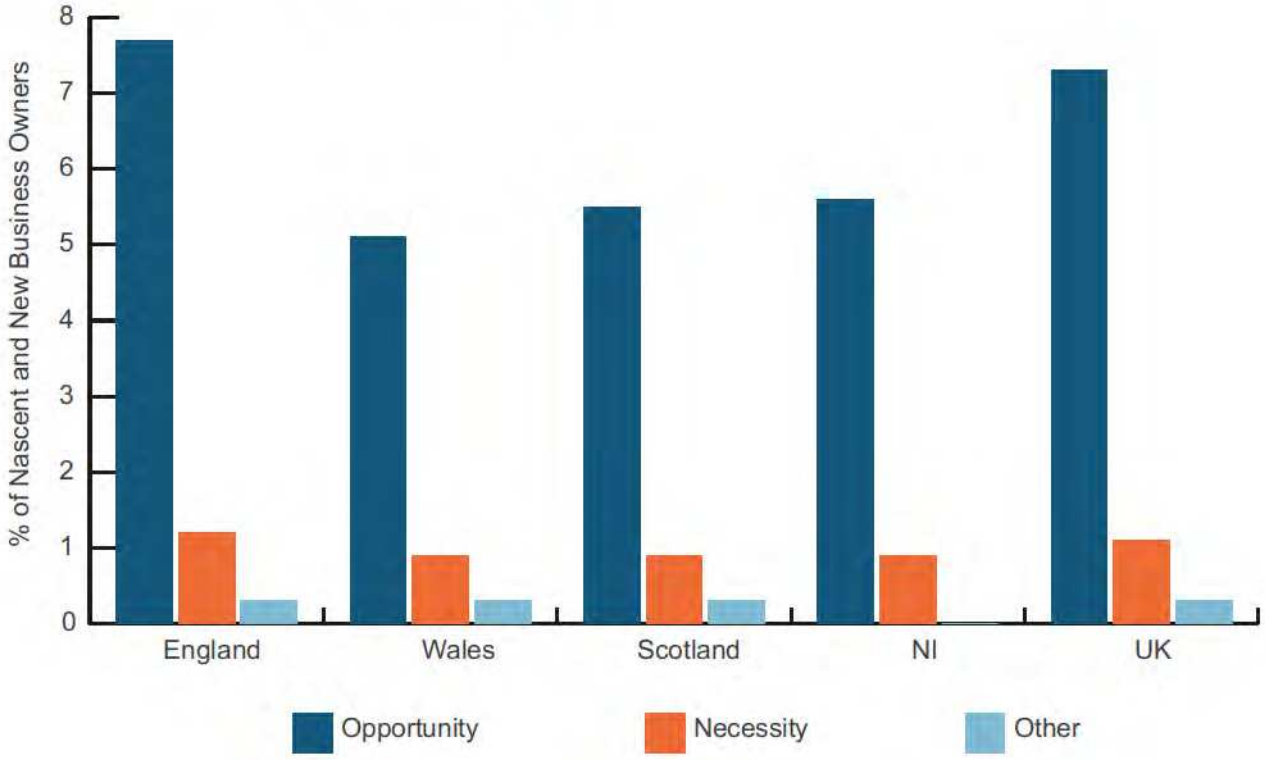
# Motivation & Expectations within Total Early-Stage Entrepreneurship

Entrepreneurship Motivation

Entrepreneurial motivations are classified as driven by necessity (there are no better alternatives for work) or opportunity (where entrepreneurs may be exploiting the potential for new market creation).

In 2017, opportunity TEA rates in NI, Scotland and Wales are significantly lower than in England and the UK, however the rate of necessity based entrepreneurship across the regions is similar.

## Entrepreneurship Motivation 2017



High-Growth Expectations Rates

GEM measures the percentage of all early-stage entrepreneurs (and separately established business owners) who have created more than ten jobs and who expect more than 50% growth in jobs in the next five years.

If an entrepreneur expects to create a large number of jobs, then his or her potential contribution to growth and regeneration may be greater. Between 2003-2017 high-growth expectation rates have been broadly similar for NI and UK early-stage entrepreneurs with a recent average of 18%. For established business owners these rates are less consistent, however since 2012-14 there has been considerable improvement where the expectation rate in NI at 6.4% in 2015-17, exceeded the UK rate.

## High-Growth Expectation Rates 2003-05 to 2015-17

## 1.0 Introduction

This report provides an overview of the Mid Ulster Village Spruce Up Scheme. It presents a breakdown of the applications received, a synopsis of a number of successful projects and the impact of the scheme.

Enabling Town and Village Regeneration is one of the key themes in Mid Ulster District Council's Economic Development Plan 'Our Plan for Growth'. The Mid Ulster Village Spruce Up Scheme was developed as one of the key initiatives to enable the delivery of this theme. The Scheme supported the improvement and enhancement of business and commercial properties within the development limits of forty-six villages within the Council area.

Based on the Mid Ulster Settlement Report as per the development of the Area Plan 'Strategic Settlement Evaluation-Proposition Paper' and Council recommendations, business/commercial properties within the Development Limits of the following Villages were eligible to apply:

Aghaginduff/Cabragh, Annaghmore, Ardboe, Augher, Aughnacloy Ballinderry, Ballygawley, Ballylifford, Ballyronan, Bellaghy, Benburb, Brockagh/Mountjoy, Caledon, Castledawson, Castlecaulfield, Churchtown, Clady, Clogher, Coagh, Desertmartin Donaghmore, Draperstown, Drummullan, Edendork, Eglish, Fivemiletown, Galbally, Granville, Gulladuff, Killyman, Moneymore, Moortown, Moy, Moygashel, Newmills, Orritor, Pomeroy, Sandholes, Stewartstown, Swatragh, Tamnamore, The Bush, The Loup, The Rock, Tobermore and Upperlands.

The Mid Ulster Village Spruce Up Scheme was a Pilot project and offered discretionary grants of up to 75% eligible costs, capped at £5,000 per property for internal and/or external improvements. The Scheme was available to both occupied business/commercial properties and vacant business/commercial properties within the development limits of each village.

The allocation of grant was a competitive process and limited funds were available, therefore only the higher scoring applications were funded.

## 2.0 Aims and Objectives of the Scheme

The aim of the Mid Ulster Village Spruce Up Scheme was to improve the competitiveness and economic sustainability of the identified villages in the Mid Ulster District Council area by:

1. Making external improvements to the built environment in each village.
2. Encouraging the improvement of the internal appearance of properties visible to the public.

The objectives of the scheme were:

1. To enhance and improve the attractiveness of business/commercial properties by 30 March 2018.
2. To deliver high-quality external and internal improvements to properties in each village
3. To attract new business and investment through improvements to vacant properties.

4. To stimulate private sector investment.
5. To assist businesses in each village to increase competitiveness and sustainability.
6. To improve user perceptions of each village.

## 3.0 Who Could Apply

Based on the Mid Ulster Settlement Report as per the development of the Area Plan 'Strategic Settlement Evaluation-Proposition Paper' and Council recommendations, business/commercial properties within the Development Limits of the villages listed in 1.0 above could apply.

The grant was available to:

- Business/commercial premises
- Shops (including hairdressers, beauty salons, dry cleaners, clothing retailers etc).
- Financial and Professional services (e.g. estate agents, insurance companies etc).
- Restaurants, Public houses, Cafes and Food takeaways.
- Vacant premises. For a vacant property to be eligible evidence must be provided that:
  1) It was previously used as a business/commercial property.
  2) That it would be marketed/let as a business/commercial property after improvement works were complete. Evidence had to be provided of how this was to be achieved and actively promoted.

Properties that were ineligible to apply for grant aid included banks, building societies, charity shops, government organisations, political organisations and community groups/clubs.

Application forms were accepted from the property owner/s or tenants as long as the owner was in agreement.

Individual applications from owners/tenants whose properties are adjacent to each other were welcomed. Defined as 'Multiple Applications', these applications were viewed as having a greater positive effect on the appearance of a street and as a result were scored more highly by the assessment panel.

## 4.0 Scope of Works Eligible for Funding

The property owners/tenants of eligible business/commercial properties in the designated areas could apply for grant-aid to carry out the following:

**Internal Works** eligible for grant-aid include repair and refurbishment of:

- Walls, ceilings, doors, floors and stairs.
- Internal redecoration work e.g. repainting of walls, ceilings etc
- Rewiring and plumbing.
- Access improvements.
- New interior window display lighting, where shutters are not in use.
- Subdivision to form smaller units.
- Restructuring to form larger units.

- Permanent (i.e. not loose fitted or mobile) display cases/built-in furniture and joinery.
- Please note that internal works to a business/commercial property which is above ground floor level will be considered.

**External works** eligible for grant-aid include repair and refurbishment of the following:

- Shop fronts, including fascia, signage and lighting.
- Windows.
- Doors.
- Rainwater goods; guttering or downpipes on shopfronts.
- Redecoration (including painting, signage etc.).
- Pedestrian access improvements.
- Security measures (including security glazing/laminated glass which allows window shopping to take place in the evening ,e.g. open or lattice shutters/door grilles-NOT solid shutters).
- Virtual graphics / hoardings.
- Equipment and associated labour costs as deemed appropriate for preparation of work e.g. power washing, hire of lift equipment etc.
- Please note that external works to a business/commercial property which is above ground floor level will be considered.

**Ineligible Works included:**

- Works which required planning permission which was not in place at the Application stage.
- Routine maintenance such as clearing of debris from gutters, cleaning tarmac, cleaning of roofs, chimneys etc.
- Improvements to residential property, including residential property located above commercial premises.
- Retrospective applications (for work already completed or underway).
- CCTV / Alarm systems.
- Mobile/loose fixtures and fittings or furniture.
- Internal work which was not in the public area of the property.
- Mannequins.

The grant did not include:

- Statutory fees (e.g. Building Control Approval), professional fees etc.
- Insurances
- Interest (on loans taken out to fund your building project)
- VAT (except if the applicant is not VAT registered)

## 5.0 Procurement

Completed applications had to be accompanied by competitive quotations/tenders from bona-fide reputable contractors. If a contractor is not employed to complete all works, the appropriate number of quotations/tenders had to be submitted for each element of the scheme.

The scheme required:

- 2 Written Quotations for project elements costing up to £4,999.99
- 4 Written Quotations for project elements costing from £5,000-£30,000

All quotations had to be dated and on headed paper and the funder reserved the right to have an independent quantity surveyor check the validity of quotations/tenders.

## 6.0 Application Process

Completed application forms were to be returned to McCarter Hamill Architects by 4pm on Friday 15 September 2017. Only fully completed Applications were validated and late submissions were not accepted.

12 No. Business Clinics were held at various public locations spread around the Council area. This provided the opportunity for those interested in applying for funding to drop-in without appointment and receive advice on their application. Representatives from the scheme's Chartered Architect and Mid Ulster District Council were present at each business clinic.

## 7.0 Assessment of the Applications:

The following criteria was used by the assessment panel to score the application for a grant:

i) Current Condition of the elements of work requesting funding (25%)
Scoring ranged from 0%-25%, for example, if the current condition of the elements of work requested for funding to the property was considered very poor, the maximum 25% was allocated.

ii) Impact the proposed element of works will make (30%)
Scoring ranged from 0%-30%, for example, if the proposed element of works would have a transformation impact on the property, the maximum 30% would be allocated.

iii) Value for Money (25%)
This was calculated based on the formula:- Impact (points) ÷ Grant Sought = Weighted Criteria. Weighted criteria achieved ranged from 5%-25%, with excellent Value for Money allocated the maximum 25%.

iv) Multiple Application Status (10%)
Multiple applications received a favourable weighting, where individual applications were received from owners/tenants whose properties were adjacent to each other. These applications would be viewed as having a greater positive effect on the appearance of a street and as a result were scored highly by the assessment panel, being allocated a further 10%.

v) Vacant Business/Commercial Property (10%)
Vacant Business/Commercial Property favourable weighting, allocated 10%.

All applications had to score a minimum of 40% to be considered for funding.
All works had to be completed and claimed by **2 March 2018**.

## 8.0 Successful Applicants

If an Application is successful, the Applicant was issued with a 'Letter of Offer'. This was a form of contract that stated:

- The amount of grant awarded
- The terms and conditions associated with the grant

It was made clear to the successful Applicants that no works could commence until a signed 'Letter of Offer' was returned to Mid Ulster Council within the allotted timescale.

## 9.0 GEOGRAPHICAL SPREAD OF SUCCESSFUL APPLICATIONS

Valid Applications were received from the following villages (in alphabetical order):

## 10.0 Payment of Grant

It was stipulated that payment of grant would only be made once Mid Ulster District Council was satisfied that all the terms and conditions in the 'Letter of Offer' had been fulfilled. A site visit was carried out by McCarter Hamill Architects to verify that the works had been completed as stated at application stage and to the required standard.

Payment of grant was be made on receipt of a single claim following a successful site visit. This claim had to include the submission of original invoices and proof of payment.

## 11.0 Case Studies of selected completed projects

We have selected the following projects for a brief Case Study of Phase 1 of Mid Ulster Village Spruce Up Scheme. These have been selected for the reason as noted below:

i) Project No 86 – Emily's Flowers, Aughnacloy - Reason selected: Bringing a vacant property back into use/new business start-up.

ii) Projects No's 3, 4 & 5 – Main Street, Pomeroy - Reason selected: Multiple Application.

iii) Project No 114 – New Shoe Shop, Fivemiletown - Reason selected: Bringing a vacant property back into use/new business start-up.

iv) Project No 60 – Pauls Fashions, Aughnacloy - Reason selected: Scheme with both internal and external works.

v) Project No 53 – Vacant Butchers Shop, Ballygawley - Reason selected: Scheme where grant money assisted in bringing an important village building back to life.

**APPENDIX 6**

## 11.1 Emily's Flowers, 75 Moore Street, Aughnacloy

Scope of Works. Both external and internal works were carried out. Externally the façade was painted, with new lighting and signage installed. Internally a new reception desk/counter was provided.

Before:

After:

**Impact of the Works**:

The funding enabled the Applicant to start up a new business, and in doing so provides a new lease of life to a dull vacant building. This has assisted in enhancing the streetscape in Aughnacloy. This project epitomises what can be done within a small budget and is a successful expenditure of grant monies which targeted both external and internal elements.

## 11.2 Main St, Pomeroy

Scope of Works: External painting, stone cladding and lighting

Before:

After:

**Impact of the Works**:

This is an excellent example of a Multiple Application. These 3 adjoining properties have been cladded in stone and has provided a comprehensive redevelopment in the centre of Pomeroy village. The finish is much more attractive and provides a positive enhancement to the streetscape.

## 11.3 New Shoe Shop, Fivemiletown

Scope of Works: External painting and Signage. Internal painting and display shelving.

Before:

After:

**Impact of the Works**:

The funding enabled the Applicant to start up a new business and has enhanced the appearance of a vacant property and through delivery has enhanced the streetscape of Fivemiletown. Although the business is not open yet, it will complement the other independent fashion shops in the town and assist in encouraging visitors and shoppers from through traffic on their way to/from the West to stop and shop in the village.

## 11.4 Paul's Fashions, Aughnacloy

Scope of Works: External Windows and Signage. Internal ceilings and wall panelling.

Before:

After:

**APPENDIX 6**

**Impact of the Works**:

Externally, this project has made a significant improvement and impact to the property and the village of Aughnacloy. The new shopfront is bold and modern. Internally the customer space is transformed into a much brighter, cleaner and more modern. This scheme is also a good example of the Applicant putting additional financial resources towards the project to complete a more comprehensive scheme; one which may not have happened if the grant aid had not been available.

### 11.5 Vacant Butchers Shop, Ballygawley

Scope of Works: New Shopfront and Windows.

Before:

After:

**Impact of the Works**:

The Grant Aid received by this project have helped turn a derelict property in a very prominent position in the village into an excellent opportunity for location of a business premises. It has greatly improved the streetscape in this area of Ballygawley and will entice new business to the village.

## 11.6 Vacant Property, Clady

Scope of Works: New Hand Railings, Tile Cladding and Window Glazing

Before:

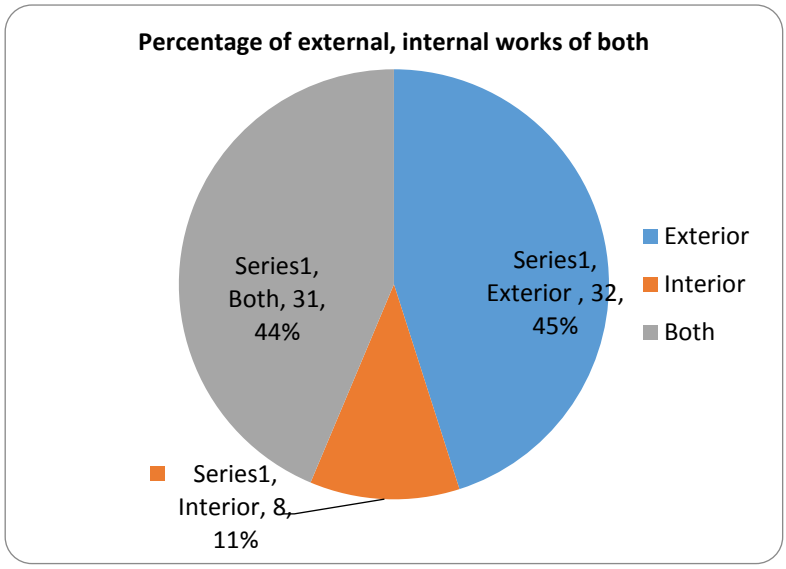
After:

**Impact of the Works:**

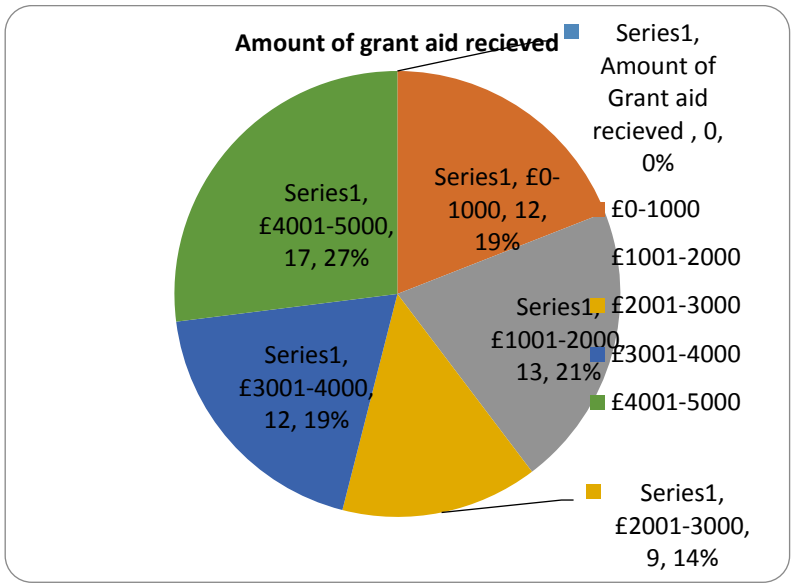
Externally, this project has made a significant improvement and impact to the property and the village of Clady. The tile cladding is excellent quality and has provided a modern frontage to the property. This scheme is also a good example of the Applicant putting additional financial resources towards the project to complete a more comprehensive scheme; one which may not have happened if the grant aid had not been available. An excellent property for a new business in Clady.

## 12.0 Statistical Data

In terms of the ratio of projects that were funded for Internal and External works, 45% carried out External works only, 11% interior works only and 44% carried out both.

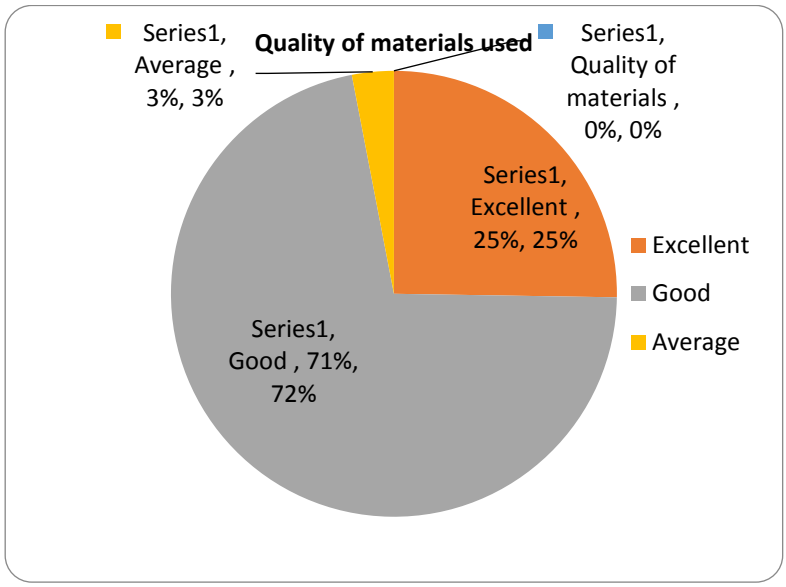


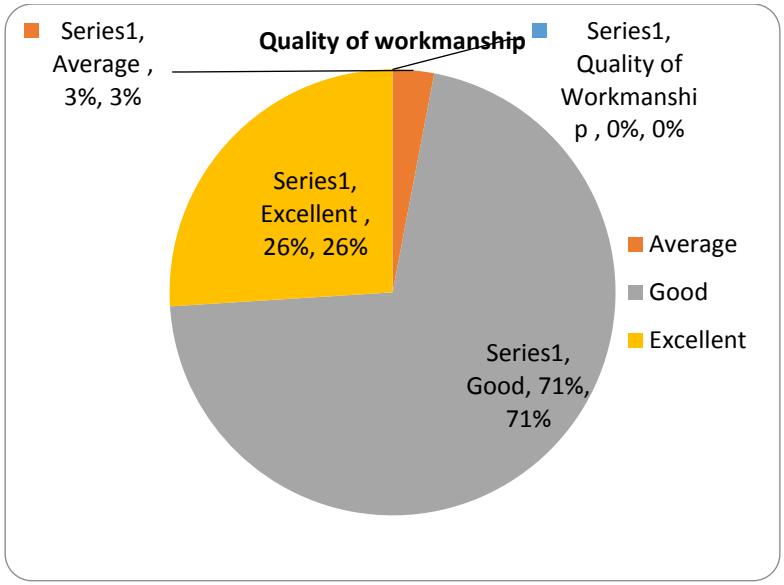
As can be seen from the pie chart below, grant aid was applied for and awarded across the £5,000 which was available for 75% of costs, with £4001-£5000 segment being the largest followed closely by the £1001-£2000 segment.



**APPENDIX 6**

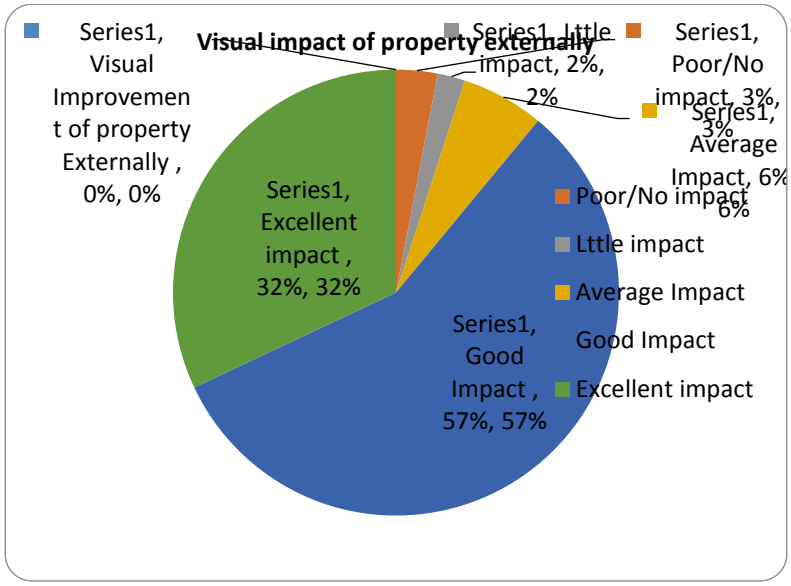
The quality of the materials used overall was good, with 25% deemed as being excellent. Again, quality of workmanship was deemed as being good, with 26% deemed as being excellent.



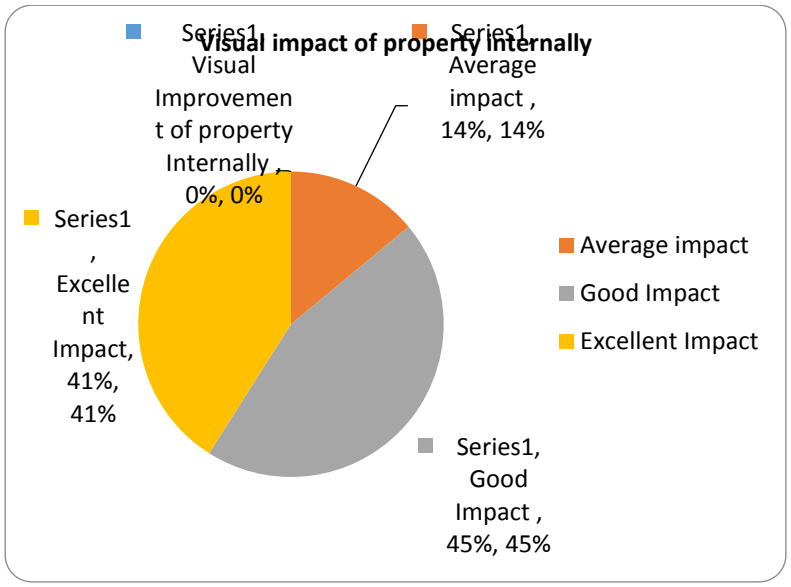


**APPENDIX 6**

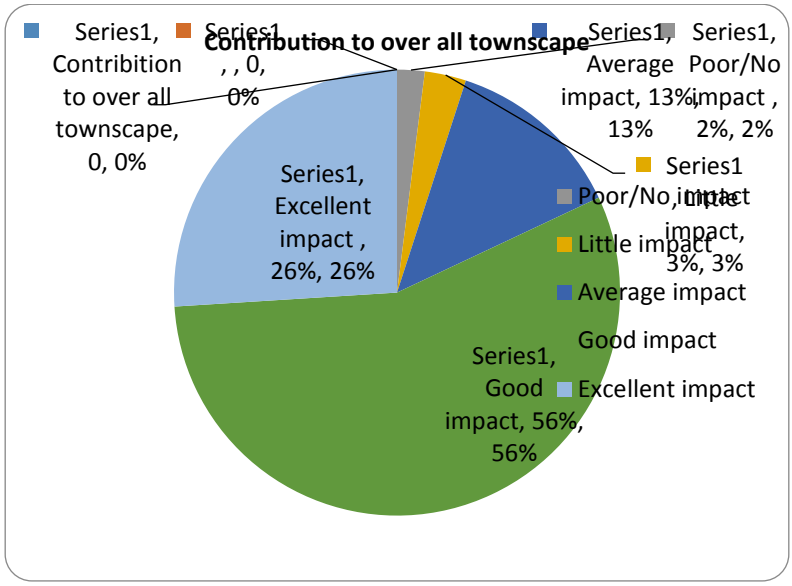
The Visual Impact of the works was rated overall as good (57%), with 32% of schemes rated excellent in this category.



For Internal works, most had either a good or an excellent impact, with only 14% deemed as being average.



An important and key statistic in the delivery of the scheme is the Contribution to the Overall Townscape. 56% of schemes had a good impact and 26% had an excellent impact.



## 13.0 Overview of Scheme

The Mid Ulster Village Spruce Up Scheme aimed to improve the competitiveness and economic sustainability of the eligible villages. Through the delivery of the scheme properties awarded funding strived to achieve a comprehensive improvement to building frontage, internal repairs and refurbishments. The wider impact on each village aimed to visibly enhancing the townscape and improving local economic infrastructure.

A final evaluation of each completed property was carried out with a score awarded between 1 (very poor) and 5 (excellent) to measure the visual improvement to the property on an individual basis, and also to measure the contribution of the improvement works to the overall townscape. The overall impact of the scheme has been impressive. It is clear to see that each property owner planned each element of the works in relation to how it would benefit their business and the street scape (if works included external elements).

Multiple Applications were encouraged and were rewarded accordingly through the assessment stage due to the impact in the relevant village. The Business Clinics that were held in the various locations were well attended, and many of the successful Applicants had attended these clinics.

In total £195,876.28 of Grant Aid was awarded to 70 properties across the Council area, with private sector leverage of £101,272.10. Grants ranged from £131.25 to the £5,000 maximum with the average being £2,798.23. 8 applications received the maximum £5,000 grant.

McCarter Hamill Architects believe that the relatively small budget for the scheme was put to excellent use as it helped 70 (mostly small) businesses improve their premises and enhance the visual appearance of their village.

## 14.0 Conclusion

The Mid Ulster Village Spruce Up Scheme has made a significant impact to the properties and contributed to the enhancement of their respective Villages. Phase 2 of the scheme, involving 44 properties, will be rolled out and delivered by 30 September 2018. Following completion, an evaluation will be completed and presented to Mid Ulster District Council. The funding provided by the scheme has unquestionably improved the external frontages and internal areas of each property.

The scheme has certainly succeeded in offering local business a significant and meaningful support. The monetary incentive has encouraged property owners to carry out improvement works to their properties which, in today's economic climate, may not otherwise have been feasible.

The total amount of private investment in the scheme was £101,272.10, which shows a commitment from the property owners and tenants to successfully deliver the scheme. The impact this had made across the Mid Ulster District Council villages has been significant and will assist the local economy to remain competitive in the current market.

## Guidance Notes for Applicants

Welcome to the Mid Ulster Village Spruce Up Scheme Guidance Notes for applicants. Before you complete your application form, you must take time to read this document carefully.

These guidance notes are provided to help you understand the aims of the Mid Ulster Village Spruce Up Scheme and how you can make a grant application.

### Background

Mid Ulster District Council supports the improvement and enhancement of business/commercial properties within the development limits of each village as identified in attached maps.

The Mid Ulster Village Spruce Up Scheme is a Pilot project and offers discretionary grants of up to 75% eligible costs, capped at £5,000 per property for internal and/or external improvements. The Scheme is available to both occupied business/commercial properties and vacant business/commercial properties within the development limits of each village. Whilst the Mid Ulster Village Spruce Up Scheme is intended to aid minor works to business/commercial premises, large scale schemes may apply however please note the maximum grant aid is up to 75% eligible costs, capped at £5,000 per property.

**Please note that allocation of grant is a competitive process and limited funds are available, therefore not all applications will be funded.**

### Aims and objectives

The aim of the Mid Ulster Village Spruce Up Scheme is to improve the competitiveness and economic sustainability of the identified villages in the Mid Ulster District Council area by:

1. Making external improvements to the built environment in each village.
2. Encouraging the improvement of the internal appearance of properties visible to the public.

The objectives of the scheme are:

1. To enhance and improve the attractiveness of business/commercial properties by 30 March 2018.
2. To deliver high-quality external and internal improvements to properties in each village
3. To attract new business and investment through improvements to vacant properties.
4. To stimulate private sector investment.
5. To assist businesses in each village to increase competitiveness and sustainability.
6. To improve user perceptions of each village.

**PLEASE NOTE THAT THIS IS A'SPRUCE UP' SCHEME INTENDED TO AID MINOR WORKS TO BUSINESS/COMMERCIAL PREMISES IN THE IDENTIFIED VILLAGES OF THE AREA. IT IS NOT ENVISAGED THAT WORKS INCLUDED IN THE SCHEME WILL NEED PLANNING PERMISSION. HOWEVER IF ANY OF THE PROPOSED WORKS DO NEED PLANNING PERMISSION THIS *MUST* BE IN PLACE AT THE TIME OF THE APPLICATION, AND A COPY INCLUDED WITH THE APPLICATION.**

## Who Can Apply?

Based on the Mid Ulster Settlement Report as per the development of the Area Plan 'Strategic Settlement Evaluation-Proposition Paper' and Council recommendations, business/commercial properties **within the Development Limits of** the following Villages will be eligible to apply (See Maps):

Aghaginduff/Cabragh, Annaghmore, Ardboe, Augher, Aughnacloy Ballinderry, Ballygawley, Ballylifford, Ballyronan, Bellaghy, Benburb, Brockagh/Mountjoy, Caledon, Castledawson, Castlecaulfield, Churchtown, Clady, Clogher, Coagh, Desertmartin Donaghmore, Draperstown, Drummullan, Edendork, Eglish, Fivemiletown, Galbally, Granville, Gulladuff, Killyman, Moneymore, Moortown, Moy, Moygashel, Newmills, Orritor, Pomeroy, Sandholes, Stewartstown, Swatragh, Tamnamore, The Bush, The Loup, The Rock, Tobermore and Upperlands.

Please note that the inclusion of a building within an eligible area does not give any automatic entitlement to a grant. This is a competitive process.

The grant is available to:

- Business/commercial premises
- Shops (including hairdressers, beauty salons, dry cleaners, clothing retailers etc).
- Financial and Professional services (e.g. estate agents, insurance companies etc).
- Restaurants, Public houses, Cafes and Food takeaways.
- Vacant premises
  **PLEASE NOTE:**
  For a vacant property to be eligible evidence must be provided that:

1) It was previously used as a business/commercial property (If this is not evident from the supplied photograph then evidence (old photographs, rates bills, etc.) must be provided

2) That it will be marketed/let as a business/commercial property after improvement works are complete in March 2018. Evidence must be provided of how this will be achieved and actively promoted.

Application forms will be acceptable from the property owner/s or tenants. If a tenant makes an application it must be co-signed by the property owner(s). Please note should your application be successful, applicants evidence of ownership must be provided at Letter of Offer stage. If the tenant is applying, the tenant will have to request such information from the property owner.

Individual applications from owners/tenants whose properties are adjacent to each other are welcome. Defined as 'Multiple Applications', these applications will be viewed as having a greater positive effect on the appearance of a street and as a result will be scored highly by the assessment panel. In particular, these 'Multiple Applications' will be most effective and score higher, where an agreement is reached on a complimentary design across all the properties involved.

Properties that are i**neligible** to apply for grant aid include banks, building societies, charity shops, government organisations, political organisations and community groups/clubs.

**Eligible expenditure - what we can fund…**

The property owners/tenants of eligible business/commercial properties in the designated areas may apply for grant-aid to carry out the following:

The grant will not include:

- Statutory fees (e.g. Building Control Approval), professional fees etc.
- Insurances
- Interest (on loans taken out to fund your building project)
- VAT (except if the applicant is not VAT registered)

**Procurement guidelines**

Completed applications must be accompanied by competitive quotations/tenders from bona-fide reputable contractors. If a contractor is not employed to complete all works, the appropriate number of quotations/tenders must be submitted for **each element** of the scheme: **Please cost each element of work separately in Section 3.1 of Application Form, Pages 4 & 5, and ENCLOSE the appropriate number of quotes for each element of work with your application. (Failure to do so will result in your application being deemed incomplete)**

- 2 Written Quotations for project elements costing up to £4,999.99
- 4 Written Quotations for project elements costing from £5,000-£30,000
- For any items over £30,000 but below EU thresholds you must appoint using a publicly advertised open or restricted tender competition)

All quotations should be dated and on headed paper. The funder reserves the right to have an independent quantity surveyor check the validity of quotations/tenders.

**PLEASE NOTE**
**A QUOTATION/TENDER WILL BE DEEMED UNCOMPETITIVE IF THE APPLICANT IS DEEMED TO HAVE A CONFLICT OF INTEREST (A PERSONAL, PRIVATE OR FAMILY INTEREST) IN RESPECT OF THE COMPANY(S) QUOTING FOR WORK AND/OR DEEMED TO BE A 'LINKED COMPANY' (EU RECOMMENDATIONS 2330/361/EC). COMPANIES ARE LINKED IF ONE OF THEM DIRECTLY OR INDIRECTLY CONTROLS, OR HAS THE CAPACITY TO CONTROL THE AFFAIRS OF THE OTHER.**

## How do we assess your application?

The following will be used by the assessment panel to score the application for a grant:

1 Current Condition of the elements of work requesting funding (25%)
Scoring will range from 0%-25%, for example, if the current condition of the elements of work requested for funding to the property are considered very poor, the maximum 25% will be allocated.

2 Impact the proposed element of works will make (30%)
Scoring will range from 0%-30%, for example, if the proposed element of works will have a transformation impact on the property, the maximum 30% will be allocated.

3 Value for Money (25%)
This will be calculated based on the formula:- Impact (points) ÷ Grant Sought = Weighted Criteria. Weighted criteria achieved will range from 5%-25%, with excellent Value for Money allocated the maximum 25%.

4 Multiple Application Status (10%)
Multiple application favourable weighting, whereby individual applications from owners/tenants whose properties are adjacent to each other. These applications will be viewed as having a greater positive effect on the appearance of a street and as a result will be scored highly by the assessment panel will be allocated 10%.

5 Vacant Business/Commercial Property (10%)
Vacant Business/Commercial Property favourable weighting, allocated 10%.

Please note all applications must score a minimum of 40% to be considered for funding.

There is no internal appeal or review process for unsuccessful applications. The decision of the Independent Chartered Architect is final.

Please note all works must be completed and claimed by **2 March 2018**.

## Successful Applications - your 'Letter of Offer'

If your Application is successful, you will be issued with a 'Letter of Offer'. This is a form of contract that states:

- The amount of grant awarded

- The terms and conditions associated with the grant

**IMPORTANT - NO WORKS CAN COMMENCE UNTIL A SIGNED 'LETTER OF OFFER' IS RETURNED TO MID ULSTER DISTRICT COUNCIL WITHIN THE TIMEFRAME NOTED ON THE LETTER OF OFFER.**

## Payment of Grant & financial considerations

Payment of grant will only be made once Mid Ulster District Council is satisfied that all the terms and conditions in the 'Letter of Offer' have been fulfilled.

A site visit will be carried out to verify the works have been completed as stated at application stage and to the required standard. You may be asked to amend work which does not comply with or falls below the agreed standard.

Payment of grant will be made on receipt of a single claim following a successful site visit. This claim will include the submission of original invoices and proof of payment. Proof of payment should be in the form of copy cheques/copy of BACS payment and original bank statements/online bank printouts/printouts from a reputable financial cooperative (clearly showing the name of account and account number).

## 1. APOLOGIES

Apologies were received on behalf of Councillor Mark Glasgow, Mid Ulster District Council, Raymond McGarvey, Chamber of Commerce; Andrew McConnell, Large Independent Retailer; Sean MacMahon, MACM; Peter Beckett, Asda; Paul Wilson, Large Independent Retailer; Bernie Sonner, Tenants Association; Adrian McCreesh, Mid Ulster District Council.

## 2. MINUTES OF PREVIOUS MEETING

It was proposed by N Bratton and seconded by Councillor Wilson to ADOPT the minutes of the Town Centre Forum Meeting held on 15 May 2018.

**APPENDIX 7**

## 3. MATTERS ARISING FROM MINUTES

There were no matters arising from minutes.

TP Sheehy arrived at 12.40pm. Councillor McNamee advised that the forum unanimously agreed for TP Sheehy to remain as Vice Chair of the forum, with him confirming that he would remain in position.

## 4. TO RECEIVE AN UPDATE ON MID ULSTER TOWN CENTRE ACTION PLAN 2018/2019

M McCullagh provided an overview of the Town Centre Progress Report for September 2018. A McGahan arrived at 12.45pm.

### a) Marketing & Promotion

### i. Marketing & Promotion Campaigns across Mid Ulster Towns

A marketing & promotional campaign for Christmas in Cookstown will be delivered over a number of platforms.

### ii. Town Centre Branding

The branding for Cookstown has been agreed as 'Cookstown Looking Good, Feeling Great'. To date street banners, branded shopping bags and coffee stencils have been purchased. Branded shopping bags were distributed to town centre shops over the Continental Market weekend, with further distributed on anticipated on Small Business Saturday. Coffee stencils have been distributed to hospitality businesses operating within Cookstown.

Members were advised that Council is in the process of purchasing other items of branded merchandise. The workshop planned for businesses in the utilisation of the brand will take place when all merchandise is in place.

F McKeown emphasised that it is vital for town centre businesses to get on board and promote the brand by displaying branded merchandise on shop windows etc. when available.

**APPENDIX 7**

## b) Town Centre Events

### i. Cookstown Continental Market

The Continental Market took place over two days Saturday 2 June 2018 and Sunday 3 June 2018 which was the fifth consecutive year Cookstown hosted the Market. The event was a huge success with the following outputs:

- 25,000 visitors to the Continental Market
- 52 traders within the Continental Market arena – the larger amount of traders reduced the seating area available but the traders were keen to attend
- Social Media:
    - Visit Cookstown Facebook – 45 posts, 228k people reached, 30k people engaged
    - Visit Cookstown Facebook event page – 89k reached, 2.4k responses (stating interested in attending the event)
    - 27 Twitter posts, over 27k impressions, 1.2k engagements, video views of 1.7k

M McCullagh also advised that the other events taking place over the same weekend within the town namely Pipe Band competition and the NI Motorhome group, also contributed to the amount of visitors attending.

An evaluation has been completed and a report is available for members on request.

TP Sheehy commented that the event helps heighten the profile of the town and benefits Cookstown as a whole. Whilst it does not benefit all businesses it's a good event for the town.

D Walsh stated that the event ran well with good communication and planning between Council and PSNI. He also stated that the processes are being refined each year that the event takes place with it running smoother each time.

### ii. Christmas Lights

The Cookstown Christmas lights switch on will take place on Friday 23 November with the actual switch on taking place at 7.00pm and the event concluding at 8.15pm. The Council have reviewed the switch on time as per feedback and moved to a later time slot as requested. A road closure application has been submitted.

The theme for this years event will be Mary Poppins which will include a parade down the main street from members of the Craic Theatre. Other local entertainment will take place on the stage.

**APPENDIX 7**

M McCullagh advised that the Christmas lights will be switched on daily from midday through to 8am as per previous requests from forum members.

### c) Physical Regeneration/Improving Infrastructure

Rural Regeneration Projects

There are 37 villages who will access funding to develop and deliver projects identified through their respective village plans. Assistance will be provided to the following villages within the former Cookstown District: Pomeroy; Ardboe; Stewartstown; Sandholes; Coagh/Drummullan; Rock; Ballyronan; Moortown' Churchtown/Lissan; and Orritor/Broughderg.

Meetings have taken place to finalise projects and move them to the next stage involving an appointed professional led design team. Ardboe will be the first project to be developed and delivered in the area with the application submitted to August 2018 RDP LAG.

Mid Ulster Village Spruce Up Scheme

Phase 2 (reserve list of 43) of the Spruce Up Scheme is now near completion. PR will take place when all schemes are finalised.

## 5. CAR PARKING MANAGEMENT STRATEGY

The pilot parking scheme in Magherafelt has not commenced – exploratory and design work is taking place. Pilot duration will be 6 months, with the first 2 hours of parking free with payment required thereafter. The results will be compiled and reviewed and presented to Environment Committee for decision.

TP Sheehy sought clarification on whether residents would receive a pass with Councillor McNamee advising that it was anticipated that where residents are located i.e. Union Street then an appropriate pass would be provided.

## 6. UTILITY WORKS, COOKSTOWN

N Bratton provided an update on the ongoing works throughout Cookstown, noting that a considerable amount of works took place over the summer period.

Gas to the West

Gas to the West works on the Fountain Road, Old Coagh Road is complete. Works will take place this weekend on the East Circular/Moneymore Road. Once this phase is completed the Gas to the West will move to Moneymore and not return to Cookstown until 2019 for the second phase of works.

**APPENDIX 7**

NI Water
Work ongoing on Coagh Street which should complete in a few days. Upon completion TNI will resurface the road.

Other
Councillor Wilson expressed his concerns regarding the cones located on the Moneymore dual carriageway. N Bratton explained that the works have to follow regulations to protect the workers and provide adequate room for them to operate appropriately. This has meant that the carriageway is now single from Moneymore to Cookstown. However, these works should be completed within the next couple of weeks.

DFI Roads are planning works on the double mini roundabouts at Moneymore Road corner. The works will take place over the weekend of 22, 23 September and 28, 29 September inclusively. This will involve a road closure starting from 6am on each Saturday morning and will take place over 2 weekends.

Councillor Wilson advised that the traffic lights on Orritor Street are not operating properly at present. N Bratton will report this to the traffic section for review.

Councillor McNamee advised that he had received complaints from Belfast House when works were being conducted on Orritor Street. During the works the business had been advised that they would receive a tanker when water was disconnected, however, although the tanker was received the supplier was unable to connect to the mains which left the business and guests at the B&B without water. M McCullagh advised that this complaint had been reported to NI Water.

N Bratton advised that there are plans to upgrade the traffic lights system at the Orritor Road – Westland Road junction. This will involve road closures with works anticipated to take place over 4 consecutive Sundays. DFI Roads will provide full details when plans have been finalised.

Councillor Wilson congratulated DfI Roads on the excellent resurfacing work conducted recently. However, he stated that the sinkhole located on Lissan Road leading to Princes Avenue is a real problem. N Bratton agreed and advised that DfI Roads are working on a joined approach with NI Water to reach a solution. NI Water are having issues in the area with regards to pipes sinking. Once a solution has been reached N Bratton will inform Council.

## 7. ANY OTHER BUSINESS

M McCullagh advised that Council have put forward Cookstown for an application to the Great British High Street Awards for the Champion High Street Award. Members will be notified on the outcome of the application.

It was AGREED that B O'Hagan as the newly appointed Data Protection Officer for Mid Ulster District Council be asked to provide a 5-10 minute overview on GDPR at the next meeting.

**APPENDIX 7**

## 1) DATE & TIME OF NEXT MEETING

M McCullagh advised the Members that the next meeting will take place before Christmas and they will be notified accordingly.

The meeting ended at 1.05pm.

| 1. | **WELCOME**<br>The Chairman, M Stewart welcomed everyone to the meeting. | |
| 2. | **FLOODING ISSUES MAGHERAFELT TOWN CENTRE - AGENCIES UPDATE**<br>Michael O'Donnell stated DfI Roads received the first call about the flooding in Magherafelt on 1 June at 6:22pm. Areas affected included Derramore Gardens, Highfield, Meadowlane Shopping Centre and bus depot at Station Road. 400 sand bags were distributed with 11 people on the ground. George Thompson stated the work carried out previously meant the flooding was not as serious as it could have been.<br>Gavin McCready stated the volume of water that fell overwhelmed the system. He stated that a number of defects | |

| | | |
|---|---|---|
| | had been found on Moneymore Road during follow up investigations.<br>Neil Bratton stated that extensive cleaning of the system has been carried out since the flooding incident but that nothing major was found. He stated the gulley at Meadowlane had been upgraded.<br>Cllr Shiels said this incident had a negative impact on the economy of the town and we need to work together to prevent this happening in the future. He suggested building a wall or raising the level of the road at Meadowlane. DfI Roads representatives stated no engineering solution would cope with that level of rainfall.<br>Cllr McLean stated this is an ongoing issue and the system is under strain and a containment system needs to be put in place. He stated it is not satisfactory for people living in areas to say it is a matter of waiting for the next heavy rainfall but need to collectively look at the solution.<br>Neil Bratton stated the current system is at capacity and to upgrade the system would cost up to £1m. P McLean stated a joined up strategy was needed to find a solution.<br>R Hall provided an update from an emergency planning perspective and stated that a teleconference involving the main agencies had taken place when the rainfall was forecast. Preparation work was carried out including providing sandbags and gulley clearing prior to the event.<br>Cllr McFlynn stated she had attended Sandy Braes which had flooded in 2016, she stated that sand bags had been provided but that gulley's had not been cleared prior to the forecast rain.<br>A McCreesh stated he had been on call that evening and the issues already highlighted by members are what the community and businesses are highlighting. He stated we are seeking direct intervention from agencies to ensure it does not happen again. He stated Magherafelt is a sub-regional hub and we cannot accept anything less. Council is currently finalising the local development plan shaping the domestic and commercial face of the town. When the plan is presented it needs to align investment requirements with the growth potential of Magherafelt. A conversation needs to take place with Central Government to ensure this does not happen again.<br>Paul McLean stated we need to follow up and meet with relevant agencies to put the infrastructure / funding in place.<br>Adrian McCreesh stated it is the role of the Town Centre Forum to bring it to the table and it is up to Council and Community Planning to being the issue to the appropriate bodies. | |

They stated J Armour does not believe Maghera needed a business park as the infrastructure is not in place and there is inadequate housing and the focus of development should be on developing tourism and upgrading the hotel. A McCreesh stated that there was a consultation process ongoing about the High School site and the site had been identified as a result of previous consultations.<br><br>Maghera Historical Society Representatives stated there was nothing for older people at the Leisure Centre and there was a need for a Shuttle Bus Service from the park & Ride to the town Centre. D McCartney confirmed Translink had a place on the Town Centre Forum and this issue could be raised at a future meeting.<br><br>Cllr McPeake said the list of projects happening in Maghera was very positive. Regarding the High School site he had attended the consultation event in June and there had been some discussions about a Park but that the need for industrial units had been identified in Magherafelt District Council's time and this was a key location on a strategic route between Belfast and Derry and that there was potential to develop a walkway around the periphery of the site. Cllr McPeake also highlighted the development of the walkway from Maghera Walled Garden to Tobermore Road as a key project in the town. |

Private X

Not known

Other (please state) _____

Name of owner (if known): Wool Store – Caledon Estates Company

Likely cost of acquisition: £ nil

Plans for acquisition or additional details on ownership

Caledon Regeneration Partnership has been in discussion with the owners of the Wool Store who are in agreement to lease the same to the organisation for a period of 25 years. Please find attached letter of intent.

FREE TEXT BOX / WORD LIMIT = 200

We will need to see evidence that your organisation has a realistic chance of being able to acquire the building and that you will have sufficient access to be able to carry out the development work. This could be a letter from the owner indicating a willingness in principle to transfer ownership or a statement from the local authority confirming that it is prepared to use enforcement action if necessary to secure ownership and transfer the building to your organisation (see checklist item 5).

If you are intending to acquire the building through the Community Right to Bid process, you should explain what stage you are at. If you have invoked your Right to Bid you should state the end date of the moratorium on sale on the open market.

Ideally you should seek to obtain the freehold of the building or a long lease of at least 25 years. As a minimum we will accept a lease with at least 10 years left to run following project completion.

2.6 Is the building listed, scheduled or in a Conservation Area?

Fabric generally deteriorating (e.g. leaking roof, deteriorating masonry, all gutters badly defective, window frames decayed, pointing eroded). Partial fire damage; rot outbreaks; severely damp; unmodernised.<br>*Very Bad*: Not weatherproof: roofless, or roof severely damaged; windows broken. Structurally unstable: foundations shifting, walls bulging, joists rotten etc. Badly penetrated by wet/dry rot and/or rising damp; major fire damage; uninhabitable and wholly unmodernised. |

If a condition survey or similar report has been completed recently you will be asked to upload a copy (see checklist item 9).

2.10 Please provide a brief description of the building, its history of use and value to the local community. If more than one building is involved in the project, please give details here.

FREE TEXT BOX / WORD LIMIT = 400

The Wool Store - A fine 3-storey building, which once provided storage facilities for Caledon Mill (constructed 1823) is located adjacent to an attractive streetscape of mill workers' cottages. Originally a flour mill, Caledon Mill was converted for woollen production in the 1880s. For many years, until its closure in 1931, Caledon Woollen Mill was the main employer in the area and as such is an important element of the family histories of many in the local community. Due to its dangerous condition, the mill was demolished in the mid-1980s. All that remains of the complex is the wool store, the engine house and beam engine, underground flue and base of the chimney stack. All except the wool store was designated a Scheduled Monument in 2006.
In 2012 Caledon Regeneration Partnership commenced a 3-phase restoration with Phase 1, the refurbishment of the engine house completed in 2013. Phase 2 will involve the refurbishment of the Wool Store to save this important building from further deterioration and provide a revenue stream for Phase 3 which will encompass the refurbishment of the Caledon Beam Engine, the last remaining housed beam engine in Ireland and the creation of an educational/interpretative centre focussing on heritage and conservation.

The Wool Store lay vacant from 1936 until the 1970s, when it was rented from Caledon Estates Company by a local man for mushroom growing. The building has been vacant for the past 20 years and while the roof has been kept watertight the front and rear facades have suffered considerably. Windows and doors are in very poor order and the building is now in a deteriorating state.

**SECTION 3 ABOUT THE PROJECT**

3.1 Describe the development work you want us to support with this grant.

FREE TEXT BOX / WORD LIMIT: 200

Over the past two decades dramatic changes have been made to the Mill Street area of the village under the Caledon Conservation and Enhancement Programme. The Beam Engine House has been restored ensuring no further deterioration to this important piece of industrial archaeology, now awaiting further development. The terrace of Mill Cottages has also been fully restored. Unfortunately the Wool Store was not included in the original scheme and continues to deteriorate.

We recognise that the future sustainability of any proposed development is of paramount importance and have identified the following potential usage options for appraisal:-

Conversion of the ground and first floors of the Wool Store to accommodate a children's nursery with a potential residential unit on the 2nd floor. Preliminary plans of the Wool Store were prepared by Consarc Conservation Architects at the time of the restoration of the Engine House.

We require professional help to examine the Wool Store and provide estimates for restoration with modern internal arrangement while retaining the original external façade. A viability appraisal of the proposed re-use of the building is essential to ensure long term sustainability.

Start date: 01/08/19 End date: 01/08/21

3.2 Explain what need and opportunity the development work will address.

FREE TEXT BOX / WORD LIMIT: 200

This development work will address the following issues:-

- The conservation and adaptive re-use of at-risk built heritage within an historic streetscape. In the Planning Service designation, Caledon was described "*as an area of special architectural and historic interest, the character of which it is desirable to preserve and enhance.*"
- Following a major refurbishment from a near derelict state (completed 2006) Caledon became a very desirable place to live attracting a number of young families. Both Caledon Playgroup and Churchill Primary School are oversubscribed and there is a severe shortage of registered childcare in the area. The absence of nursery facilities has impacted adversely on enrolments at St Joseph's primary school as outlined in 3.3.
- Lack of local employment opportunities in an isolated rural area with very limited public transport.

The future sustainability of the proposed development work is of paramount importance, thus protecting this important built heritage for future generations. A children's nursery combines commercial potential with the fulfilment of a social need in the village. This, combined with the provision of three units of quality accommodation will facilitate families to settle in Caledon, ensuring a balanced intergenerational mix, building and sustaining the vibrancy of the local community long term.

3.3 <u>Why is it essential for this development work to be done now?</u>

FREE TEXT BOX / WORD LIMIT: 200

- Timely completion of this work will prevent further deterioration of the Wool Store, a very important example of the village's built heritage and one of the few remaining links with Caledon's industrial past.
- Following extensive community consultation in the formulation of Caledon Village Plan 2017, the need to preserve Caledon's built heritage was considered of 'high' importance.
- There is compelling evidence that lack of adequate childcare has had a detrimental effect on the village, impacting adversely on:-
    - access to employment for young parents with associated socioeconomic effects of isolation and rural poverty
    - St Joseph's Primary school has been experiencing a declining enrolment in recent years. Children within the catchment area are being sent to Roan St Patrick's Primary School, Eglish in order to utilize the 'wraparound' nursery facility in Eglish.
- Caledon's tourism development will benefit from the following initiatives:-
    - The O'Neill Heritage Trail - providing a linkage from Donegal to Mid Ulster is now receiving Leader funding.
    - Greenway development - *Strategic Plan for Greenways, NI Department of Infrastructure 2016.* A route from Portadown to Caledon is currently in the development phase and others routes intersecting the village have been identified.

3.4 What is your organisation's level of free reserves.

From the formation of Caledon Regeneration Partnership (incorporated 1997) the initial thrust has been in relation to the built heritage of the village detailed in the Comprehensive Development Plan prepared by Kirk, McClure and Morton Consulting Engineers and Brady, Shipman and Martin Conservation Architects, paid for by Peace I funding. The last project within the conservation area of the village was the Beam Engine project, which necessitated us funding a substantial percentage to complement the 75% Rural Development Grant.

In more recent years we have been developing the community reconciliation side of our business with the Georgian Village Festival, Caledon Village Allotments and Shared History Shared Future project in co-operation with several community groups across the region. Unfortunately the considerable funding we had to find for the above activities has depleted our reserves.

£

Free reserves are that part of a charity's unrestricted funds that is freely available to spend on any of the charity's purposes. This definition excludes restricted income funds and endowment funds, although holding such funds may influence a charity's reserves policy. Reserves will also normally exclude tangible fixed assets such as land, buildings and other assets held for the charity's use. It also excludes amounts designated for essential future spending.

3.5 Why do you need a grant from the AHF?

FREE TEXT BOX / WORD LIMIT: 200

In order to ensure a sustainable regeneration which will address socioeconomic needs in this small rural village for years to come, it is essential that Caledon Regeneration Partnership obtain professional help at this formative stage of the project.

- A sustainable regeneration is essential to the built heritage of the village, the preservation of which was stressed very strongly at a recent public consultation - "Caledon has a strong heritage and valuable built fabric which must be retained and respected" – identified as 'high priority' in Caledon's most recent Village Plan 2017.

- The completion of this project has potential to enable further restoration and development of heritage through the generation of a revenue stream which in turn will contribute to

  - the restoration of the Caledon Beam Engine - a unique artefact, the last remaining housed beam engine in Ireland

  - the development of an educational/interpretative facility focussing particularly on young people, encouraging appreciation and engagement with heritage in future generations.

As outlined in 3.4, we do not have any uncommitted cash reserves.

If your organisation has significant uncommitted cash reserves you should explain why you need our funding. A reserves policy statement would help. We will consider the evidence of financial need for our grant when assessing your application. You will be asked to upload your organisation's latest accounts or bank statement to support your application (see checklist item 4).

3.6 Briefly describe your preferred end use for the building.

FREE TEXT BOX / WORD LIMIT: 200

Wool Store – A proposed nursery facility would occupy the ground and first floors of the Wool Store with potential for a self-contained apartment on the second floor suitable for short-term or long-term letting or indeed as holiday accommodation.

This property has a frontage onto the Beam Engine Complex and is adjacent to the Riverside Walk along the Blackwater River to the Dredge Bridge constructed in the as1840s and rehabilitated by Dungannon and South Tyrone Borough Council around 1990. The overall development makes this part of the village extremely attractive.

3.6b *FOR PROJECT DEVELOPMENT GRANT APPLICATIONS ONLY:*

How do you know your proposal will be economically viable?

Please explain what work you have done to test the long-term viability of the proposed use and provide evidence in support of this (see checklist item 7).

FREE TEXT BOX / WORD LIMIT: 200

3.7 Who will the project benefit?

The project will have a positive social impact on the community who will benefit both by the provision of a much needed nursery facility and an increasing sense of pride in their environment. The conservation of Caledon's distinctive townscape character will be a major contribution to the village's tourism potential with resultant economic benefit derived from servicing the expanding tourism markets focussed on culture and heritage.

- Since the 1994 ceasefire the local area which was so seriously affected by the civil unrest has been greatly enhanced by cross border developments and community reconciliation. Glaslough and Castle Leslie, located in Co Monaghan just three miles from Caledon is now recognised as a premier visitor destination and Caledon is already benefitting from this close association.

The village of Caledon with it's distinctive late Georgian streetscapes and Mediaeval origins will benefit from two upcoming infrastructural projects:-

- The O'Neill Heritage Trail providing a linkage from Donegal to Mid Ulster – this initiative is now receiving Leader funding..

- A major greenway initiative from Portadown to Caledon is in the development phase. Three other potential routes intersecting Caledon have been identified.

*Please explain who will use the building and provide any evidence of demand from prospective users (see checklist item 11). You should also refer to our Theory of Change model and tell us how your project will achieve positive outcomes for your organisation and the wider community. You should tell us about any potential training, employment and volunteering opportunities and how the project could benefit disadvantaged groups in the community.*

3.8 What is the estimated total capital cost of the project?

Please provide a cost breakdown (see checklist item 16).

£_____

3.9 What is your plan for raising the capital funding required?

Please tell us about any pre-application discussions you have had with potential funders and the feedback you have received (see checklist items 17 & 18).

At this point in time we are unable to have meaningful discussions with possible funders until we have a clear picture of the of the details of the project, costings and an economic appraisal. We are aware of the Ulster Community Investment Trust and have a contact in that organisation who we will hopefully meet in the near future. In relation to the Beam Engine development we did receive funding from Caledon Estates Company and the Esme Mitchell Trust.

**SECTION 5 DECLARATION**

5.1 When you complete the Declaration and Submit the Application you also agree that we will use this application form and the other information you give us, including any personal information covered by the Data Protection Act 1998, for the following purposes:

- To decide whether to give you a grant.
- To hold in a database and use for statistical purposes.
- If we offer you a grant, we will publish information about you relating to the activity we have funded, including the amount of the grant and the activity it was for. This information may appear in our press releases, in our print and online publications, and in the publications or websites of relevant Government departments and any partner organisations who have funded the activity with us.
- If we offer you a grant, you will support our work to demonstrate the value of heritage by contributing (when asked) to publicity activities during the period we provide funding for and participating in activities to share learning, for which we may put other grantees in contact with you.

5.2 Confirm & sign

I confirm that the organisation named on this application has given me the authority to complete this application on its behalf.

I confirm that the activity in the application falls within the purposes and legal powers of the organisation.
