The Head of Environmental Health presented previously circulated report which outlined Members about the Department for Communities' Consultation on the 'Regulation of Gambling in Northern Ireland' and agree a Mid Ulster District Council response to same.

Councillor McNamee stated that he believed there was already some prohibition in relation to the use of credit cards and that whilst Council should do what it can with regard to gambling and its regulation there were unfortunately bigger players dictating the industry.

Councillor Wilson stated that he accepted that everyone would have different views in relation to gambling but that he would have concerns with regard to online gambling and felt that there should be a limit on how much can be put into a machine at one time. The Councillor further stated that he felt that bookmakers themselves had a moral responsibility to have a limit in place on how much can be gambled at one time. Councillor Wilson stated that he felt the response was balanced and proposed that the response be submitted.

Councillor Cuthbertson stated he shared the views of Councillor Wilson and referred to previous consultation in relation to fixed odds gambling and asked if this was covered in this consultation.

The Head of Environmental Health stated that legislation was updated in England in 2005 but had not been updated in Northern Ireland since the 1980's.

Councillor Cuthbertson stated he clearly remembered discussion in relation to consultation on fixed odds gambling previously and asked that some commentary on this should be included in the response being put forward now.

The Head of Environmental Health stated there may already be some limits in place with regards to fixed odds gambling but that she would check and add in further points to the response if that was the desire of the Committee.

Councillor Wilson requested that further comments be added in respect of duty of care for online gambling and having more robust support in place.

Councillor McFlynn seconded Councillor Wilson's proposal.

Councillor Burton asked who monitors a limit on online gambling as there needed to be some protection for those who are vulnerable.

The Head of Environmental Health stated that there were no online gambling sites which originated from Northern Ireland and advised that the Gambling Commission will regulate sites originating from England and that sites originating from overseas will be regulated through the Independent Commission.

Resolved That it be recommended to Council to agree the draft Mid Ulster District Council response to the Department for Communities' consultation on the 'Regulation of Gambling in Northern Ireland' as set out at appendix 3 of report and that the response be submitted with the Department under delegated authority from the Council with further commentary to be added in respect of duty of care in relation to online gambling, having robust support in place and having limits in place on the amount that can be gambled at one time.
