## 1.0 **Introduction**

1.1 Mid Ulster District Council resolved that a policy and associated procedures be developed to guide the Council in accordance with the provisions of Article 11 of the Local Government (Miscellaneous Provisions) (Northern Ireland) Order 1995("the 1995 Order"), referenced in Appendix A to this policy, on;

- (i) Erection of dual language Street signage

## 2.0 **Policy Aim & Objectives**

2.1 **Policy Aim:** To ensure that requests for the erection of dual language nameplate signage for existing streets are delivered in a fair, equitable and consistent manner.

### 2.2 **Policy Objectives:**

- To facilitate Mid Ulster District Council in meeting its statutory obligations with regard to local government Street Signage requirements.
- To lay out and facilitate a process whereby residents may request that their street be named in any other language other than English.
- To facilitate a process that considers requests from residents to have their street sign displayed in their chosen language as well as in English.

## 3.0 **Policy Scope and Legislative Framework**

3.1 This policy relates specifically to the naming of the erection of nameplates expressing the name of the street in a language other than English. The statutory basis for this policy is contained within Article 11 of the 1995 Order.

3.2 This legislation empowers Council to authorise the naming of streets within its respective District. It also provides the Council with a discretionary power to erect dual language street signs or second nameplates in a language other than English via Section 1a and 1b. A copy of the relevant statute is included in Appendix A.

3.3 For purposes of this Policy, the following interpretation/ definitions apply as set out within the 1995 Order:

- Nameplate - defined as a means of 'signifying a name in writing'
- Street - defined as 'any road, square, court, alley, passage or lane'.

#### **4.0 Linkage to Corporate Plan**

- 4.1 Referring to Mid Ulster District Council's Corporate Plan 2015-2019, this policy contributes toward the delivery of Corporate Theme 1 *Delivering for Our People*.

#### **5.0 Dual Language Signage Nameplates**

- 5.1 The Council will apply this policy when considering applications for dual language signage expressing the name of the street in a language other than English, to both existing and new streets.
- 5.2 The 1995 Order gives the Council a discretionary power to erect dual language signs or second nameplates, adjacent to the nameplate in English. In exercising this discretionary power, the Council must have regard to any views on the matter expressed by the occupiers of premises in that street.
- 5.3 Criteria - General

The Council in making arrangements and providing opportunities for dual language signage within street naming shall;

1. Have regard to any views on the matter expressed by occupiers of the street.
2. For the purposes of the policy, surveys will be issued to all occupiers (the age of 18 or over) of each dwelling where any person resides in a dwelling, including a house, flat, maisonette or house in multiple occupancy and which is numbered directly off the adjoining street, hereafter referred to as 'property'. Only the views of the occupiers aged 18 or over for each property that is occupied and listed on the Electoral Register at the date of survey will be considered.
3. In relation to properties, the 'occupier' will include the owner and family members or tenants as listed on the current Electoral / Rates Register as residing at that address or tenants in actual possession of the premises, but not employees within such premises at the date of the survey.
4. The naming of the street in a language other than English does not authorise or require its use as, or part of, the address of any person or the description of the land for the purpose of any statutory provision; e.g., Building Control applications.

5.4 The provision of dual language Street Names will normally only be considered in the following circumstances:

- In the case of existing streets, where the Council has been petitioned and/or consulted with the occupiers of premises in that street and other persons it deems appropriate, in accordance with these arrangements.

5.5 Where an applicant does not have English as their first language, information in relation to this policy can be provided in an alternative language. Applications can be accepted in alternative languages if required by the applicant. Please see Appendix D for details.

5.6 Applications for Dual Language Signage will be processed in accordance with the Procedure as outlined in Appendix B

## **6.0 Roles and Responsibilities**

6.1 **Director of Public Health and Infrastructure:** shall have responsibility for implementation of this policy by Mid Ulster District Council, through the Building Control Service.

6.2 **Building Control Service:** shall be responsible for implementing arrangements to administer requests to have an existing name of a Street erected in a language other than English;

## **7.0 IMPACT ASSESSMENTS**

### **7.1 Equality Screening & Impact**

### **Dual Language Signage Nameplates: *Procedure***

In deciding whether it should exercise its discretionary powers in relation to erection of dual language nameplates under Article 11 of the 1995 Order, the Council shall only do so after having regard to the views of occupiers of premises which has its frontage immediately adjoining that street.

The procedure for seeking and assessing the views of occupiers and criteria to be applied in deciding whether to erect a dual language nameplate in a language other than English is;

1. A valid letter, signed by an occupier of the street must be made to Council to enable this matter to be considered. Requests should be made to the Building Control Service within the Public Health and Infrastructure Department. A letter of request shall be valid if; it is from an occupier who appears on the Electoral Register as maintained by the Electoral Office for NI; the applicant's address is referenced on the letter and; the individual's name is clearly stated and the letter has been signed by the petitioner (who must be an occupier of premises on the street). A letter may be received by email but it must be attached as a file and signed. The Council shall not accept a request made within the body of an email.
2. The Environment Committee will receive notification of submitted requests by way of valid letters as referenced at 1, above. A letter will be deemed to be valid where it is submitted by a minimum of one householder on that street. The Environment Committee will be informed of requests which have been validated and are proceeding to survey.
3. Following validation, the Council will canvass, by post, each occupier within a household as listed on the Electoral Register; seeking their views on the request to erect a dual-language street nameplate. Each household will receive a letter accompanied by survey forms based on the number of occupiers listed on the Electoral Register. The requisite number of survey forms for individuals registered at that address will be forwarded to each household (See Appendix E)
4. The occupiers will be advised of the date by which completed surveys must be returned. Incomplete or illegible survey returns will not be counted. Completed surveys which has been signed and name printed as required, must be returned in the self- addressed envelopes provided for that purpose. Only replies received by the specified date shall be considered.
5. For purposes of assessment where 51 % (rounded to nearest whole number) of occupiers that respond indicate that they are in favour of the erection of a dual language street nameplate, then the results of the survey will be forwarded to the Environment Committee for information confirming that the dual language nameplate will be erected

6. For purposes of assessment where 51 % (rounded to nearest whole number) of occupiers that respond indicate that they are not in favour of the erection of a dual-language street nameplate, then the results of the survey will be forwarded to the Environment Committee for information confirming that the dual language nameplate will not be approved or erected
7. In specific circumstances a report may be brought to the Environment Committee to determine an application where there are particular issues requiring the Members consideration
8. If the request is refused by those households surveyed, further requests will not be considered until the expiry of 12 months from the date at which the Environment Committee refuses it.
9. Where a request for Irish Language signage, the Irish Language Section within Department of Culture and Arts and/or an approved translator will provide the translation of the street name. Any other language shall be obtained from an approved translation service the cost of which will be notified to the Environment Committee when receiving the report on the outcome of the survey. The second language will not be used to express the name of the street for statutory purposes.
10. The layout, font and size of lettering of the second language shall be in accordance with that as shown in Appendix C.
11. Following the Council's decision with regards to the request on Dual Language Signage for a particular street/road, the outcome will be published on the Council Website. Where requested, written confirmation of the decision will be forwarded to relevant households.
12. Where agreed, a new dual language nameplate will be erected at the start and finish of the street or road in question and at such points along it as required e.g. at other road junctions, in accordance with any operational requirements as determined by the Property Services Team.

**RE: Dual Language Street Sign at Mourne View Housing Development, Carnan**

Dear Willie,

I am writing to suggest the housing development in which I currently live be suggested to the Environment Committee for a dual language street sign in languages English and Irish. At current, the housing development is not identifiable by any sort of street sign, that can be easily seen by other members of the public, and thus I believe would make it an ideal place to benefit from the dual language street sign scheme.

Should you seek to speak with me I can be contacted by email at

**Re: Dual language sign for Kildrum, Galbally**

I am writing to request a dual Irish/English language sign to be erected at the entrance to Kildrum, Galbally (based opposite Galbally Community Centre and Galbally GAA Facilities).

I can confirm I am a resident and on the electoral register.

Yours sincerely,

To whom it may concern,

I am writing this letter to request the possible implementing of a dual language sign at my street of residence. I do so with the understanding that if any such Irish Language Sign is to be erected, it must also have the approval of my fellow residents.

My address is as follows;

Lisnagleer Road  
Carland  
Dungannon

I look forward to hearing back from you in due course.

Dear Management at Building Control Services,

I am writing to request bilingual signage, specific to that of the Irish Language on my street. I have read the Mid Ulster District Council's policy regarding Dual Language Signage Nameplates in Article 111 of the Local Government Revised Policy and Procedure. I understand that to form a request a letter must be sent by one occupier of the street whose name appears on the electoral register - I would ask that this letter be considered as such.

My name is . I am an occupier of 'Golf View', Cookstown where I am requesting Irish Language signage in addition to existing English Language signage. My name is also on the electoral register for the area (as maintained by the Electoral Office for NI). This letter, therefore, fulfills criteria for a petition letter for Irish Language signage in Golf View. I would ask that you take the next steps in fulfilling this request which I understand to be letters to occupiers of Golf View.

Kind regards agus míle buíochas.
