## **Commercial/Non-Commercial Classification**

There are a range of variables and differing definitions for Commercial and Non-Commercial organisations and therefore for the purposes of the Leisure and Parks Pricing application, the following definitions and criteria will be applied in order to establish the appropriate definition of a group or organisations.

**Non-Commercial Organisations** - can be part of the public sector, the community and voluntary sector or the charitable sector who aim to provide products and services to the community however they will not make a profit. However, there are some groups, organisations and initiatives that could define themselves as Non-Commercial but nonetheless operate with the intentions of making a profit and therefore a criteria needs be established to ensure adherence to the definition.

**To determine any eligibility issues as a Non-Commercial organisation, if required the following documentation should be requested as proof of this:**

1. Charitable Organisation Numbers.
2. Vat Registration Numbers.
3. Any membership fee information.
4. Copy of most recent AGM minutes and Committee members.
5. Copy of most recent audited accounts.
6. Any affiliations to relevant governing body.
7. Previous facilities hire information.

Groups or organisations that cannot prove their eligibility for Non Commercial rates based on the above criteria will then be considered Commercial and the Commercial rate options will apply.
