The Chair, Councillor Cuthbertson stated that Councillors in the Dungannon area had recently received calls in relation to incident on Dungannon-Cookstown Road in which a horse was killed. The Councillor stated that leading up to this incident concerns had been raised by the public to PSNI, Council and other departments and asked officers to bring back a report in relation to Council responsibilities on collecting dead animals. Councillor Cuthbertson stated he realised there is some overlap with the Development Committee on this issue and asked that officers reporting to that Committee also bring forward report in relation to Council's role regarding animal welfare. The Councillor stated he was still receiving calls in relation to further horses on the lands on the Cookstown Road and that there is very little fencing keeping these horses in. Councillor Cuthbertson stated there is a road safety issue and that an accident could happen again and that there are also concerns regarding the welfare of the horses and asked that the reports be brought forward to the relevant Committees.

Councillor Robinson referred to calls he had received from Aughnacloy Playgroup who have had a number of issues with sewerage at their facility. The Councillor stated that this issue has been ongoing for some months with staff having to use toilets in the town rather than the playgroup and that the playgroup has also had to close early on a couple of occasions. Councillor Robinson stated it was his understanding that the playgroup is located within Council property and that responsibility lies with Council on this issue and asked for confirmation on this.

The Assistant Director of Property Services (AD: PS) stated he would come back to Councillor Robinson to confirm the situation.

Councillor Cahoon also highlighted that when you use the app to check a bin collection day it takes the user to the Council website.

The Assistant Director of Environmental Services (AD: ES) stated that in relation to value for money the report indicates there are over 10k users of the Bin-Ovation app and that therefore the cost per user is quite low.
