<b>1.0</b>	<b>Purpose of Report</b>
1.1	To update Members on the current bus shelter status.
<b>2.0</b>	<b>Background</b>
2.1	Council is empowered under the Local Government Miscellaneous Provisions (NI) Order 1985, with the consent of the Department to erect and maintain on any road within the district of the council, shelters for the protection from the weather or persons waiting to enter public service vehicles. Bus shelters are erected following local representations. They are provided, particularly for those who have to use public services who may have to stand out in the inclement weather.
2.2.	Following the bus shelter collaborative workshop held in March 2020, the bus shelter process was discussed and agreed at the Council meeting held on the 27 <sup>th</sup> March 2020. Members are advised in a monthly report of progress made on the various applications that have been lodged with the department.
2.3	Due to the Covid-19 pandemic progress has been delayed with unavailability of staff and priority of workloads within the various departments involved in dealing with the shelter installation. MUDC / DfI Roads have met (through "Microsoft Teams") to discuss a selection of these projects and will continue to carry out similar meetings to progress shelter applications.
2.4	Members to note current Procedural guide approved by Council March 2021 (see Appendix 1).
