Dear Sir/Madam,

As a resident of Termon Road, Pomeroy, for over 40 years and as an Irish speaker myself, I would love to see the bilingual signage in the area. The lack of bilingual signage in Pomeroy and the wider area is quite disappointing. I am of the opinion that the current residents of Termon Road would also like to see the bilingual road signage.

Could you please inform of me what steps must be taken for road signage to be approved or the next steps I must take?

Thanking you in anticipation,
